A grassy area with a red curb separates the road from the school grounds. A large, leafy tree stands on the left. In the background, a single-story school building with a covered walkway is visible, with hills in the distance under a cloudy sky.

IT AGAIN

© 1987 SHS RECORDS INC.

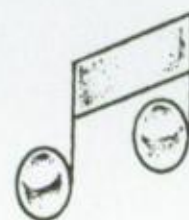

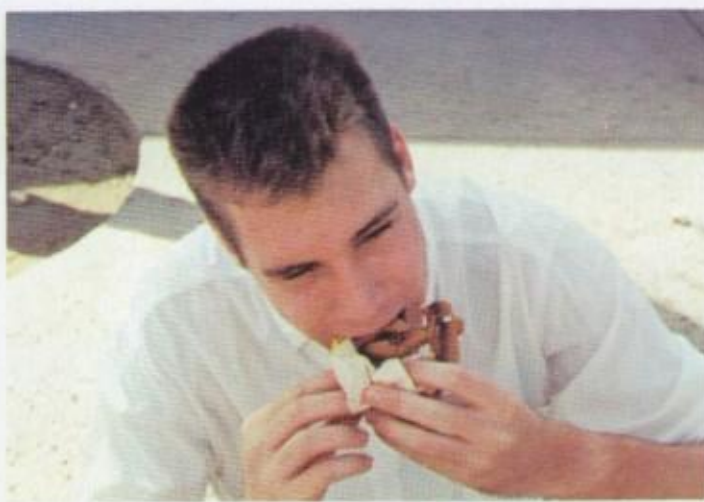

Well Sultans, the year is drawing to a close; and we find ourselves sifting through memories of a Santana year that was. All the good times, excitement, and even those little tribulations slowly slip from our minds. So before those cherished moments are gone forever, let's just one more time ... **PLAY IT AGAIN.**

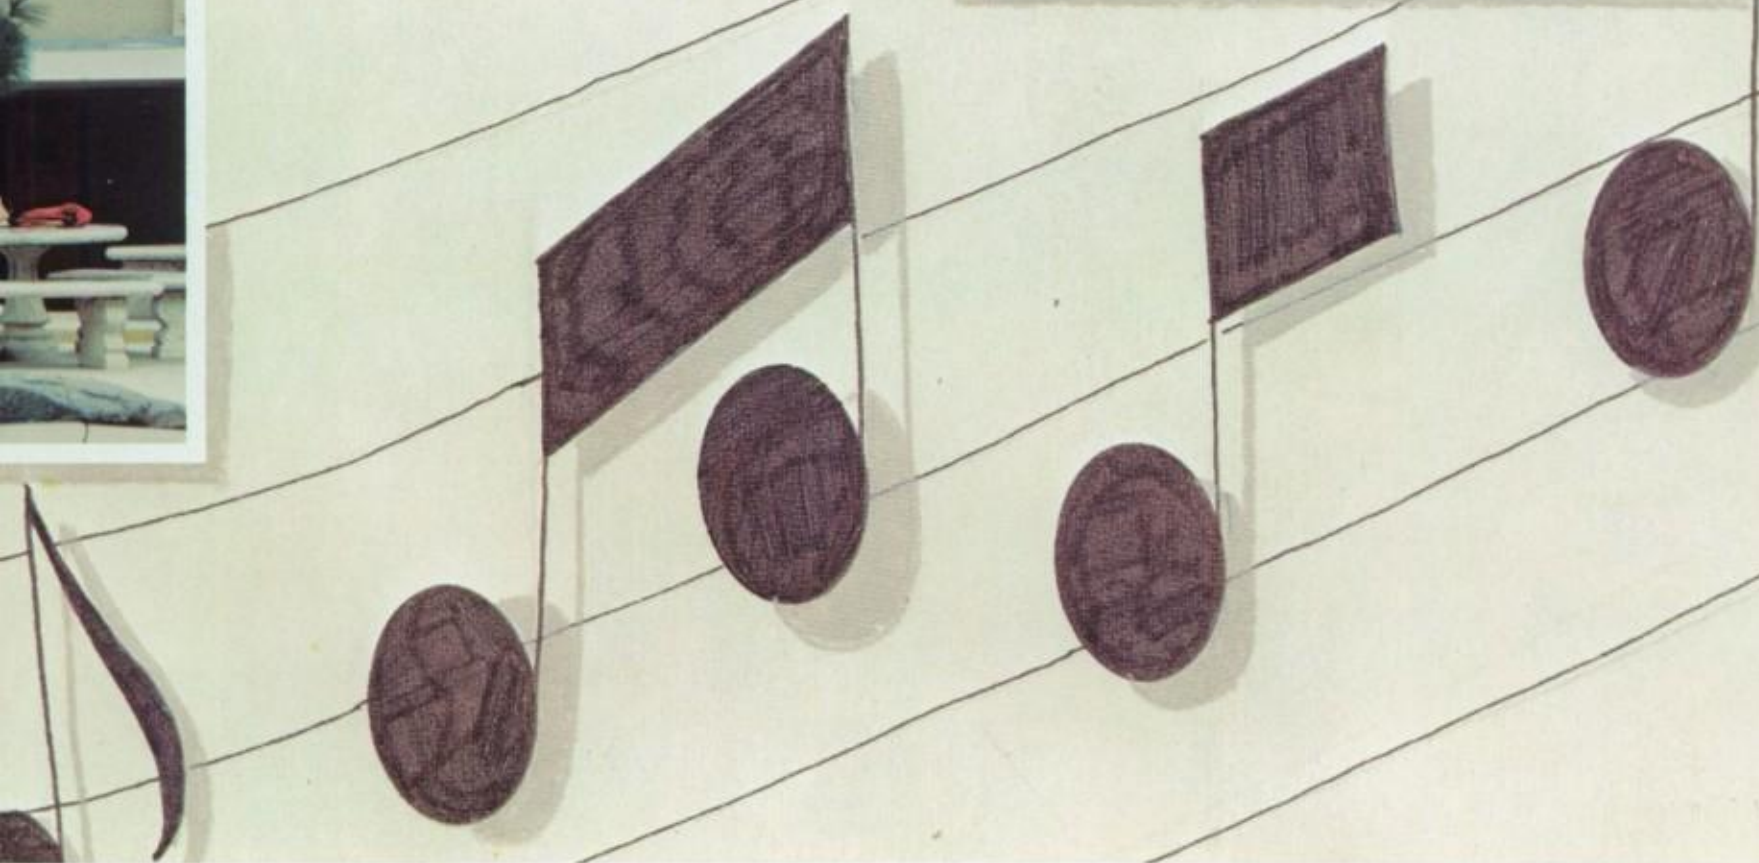

Always there was music in our times. It shaped the way we dressed, socialized and expressed ourselves. So captured here in the bindings, vinyl, and pages are the bold and brilliant trappings, a Santana year that was, with just a touch of musical magic to make it special.

From the sights of "Fads and Fashions" to the "jubilant shout in the halls" is all that was treasured and felt.

student life

FASHION FLAIR

Fashion-conscious Sultans, eager to rid themselves of a rural background, dressed with flair and that unique Sultan style. From the eerie mysterious touch of the punk and mod music scenes, to the traditional jock look, Reeboks and sweats, one could see the intensity and varying lifestyles in the threads we wore.

It was obvious musical interests influenced how we looked. A trip through the halls brought one in touching distance with a student who either looked like Howard Jones, Vince Niel, Johnny Rotten, David Bowie or some other idolized musical artist. Each style added to the originality of the Sultan Scene.

Sultan Guide to Fashion

(1) *Shirt:* Popular attire among guys include: college sweaters, rugby, polo, oxford, surfer tees and rock group tees.

(2) *Watch:* Besides merely telling time, they made a strong fashion statement and some even withstood pressures of up to 150 meters underwater. Typical models were: Swatch, Casio, Citizen, Seiko and Timex.

(3) *Backpack:* Always a valuable asset, students usually equipped them with Ray Bans or Vuarnets, an emergency walkman, a hall pass or two, car and house keys, a calculator, Cliff Notes, 50 lbs. of books and only one completed assignment.

(4) *Pants:* While baggy and rolled up seemed to fade out, the original Levi 501's remained "true blue" in its faded, bleached, dyed or ripped state.

(5) *Shoes:* The soles of many sharp dressed guys were commonly found in Reeboks, high tops, topsiders, zodiacs, creepers, and penny loafers.

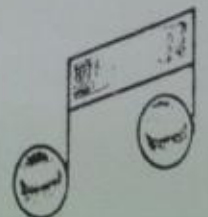

(1) *Hair:* Essentials for beautiful hair include: gobs of gel, mousse and hairspray, and long hours in front of a mirror with a curling iron, a hair dryer, hot rollers, banana clips, barrettes, and an assortment of brushes and combs.

(2) *Jewelry:* Gold and diamonds are nice to any "material girl," but a smart SHS girl knows whatever looks good goes.

(3) *Clothes:* A well-dressed girl had designer jeans, long-tailed shirts, oversized sweaters, full-skirts to mini-skirts, stirrup pants and leggings in her wardrobe.

(4) *Shoes:* For "steppin' out" at every occasion, a girl needed in her closet a wide array of Reeboks, any type of boots or high heeled shoes.

(5) *Handbag:* Ranging from small and handy to immensely large and bulky, they contained anything from books, leaky pens, white-out, house and car keys, breath mints and chewing gum, to anything on a bathroom sink: curling iron, make-up, lipstick, Kleenex, etc.

Gotcha!

Well Santana, we've Gotcha like you've never been gotten before.

On the fated day of October 1, The Gotcha Crew took the campus by storm. And up until the last picture was taken, the staff still wasn't quite sure what "Gotcha" was. Even now we are not absolutely sure about what we have done.

But one thing we have found, if you take one camera and add it to a bunch of Sul-

tans, well you soon see for yourself, that something in the flash or film instantly transforms every Sultan around into a ham or Hamlet.

And since it is, only inches away from impossible, to get a truly candid shot on the Santana campus, we decided to let the students flaunt their favorite poses. The joke's on you, you posers.

And now the Pepsi.

I am stuffed

*I*t is 11:35, the bell rings, signaling the start of what could have been the most stomach turning, headache causing, tooth rotting, backstabbing, claustrophobic good time ever experienced at Santana.

Lunch does more than just "a body good." There was more to those 34 minutes than just the contrasting flavors of grease and protein. It was contrasting ways of life. One could have gone from the solemn quiet halls of the library to the boisterous camaraderie of "Jock Row." You could have twittered with the Freshmen or raged with the seniors. But even the strongest will and stomach could not resist the temptation of the almost Utopian delights of the cafeteria. Globbs of burrito clinging unmercilessly to the soles of shoes. And soda, always soda, inflicting perpetual burps on all who took more than a sip.

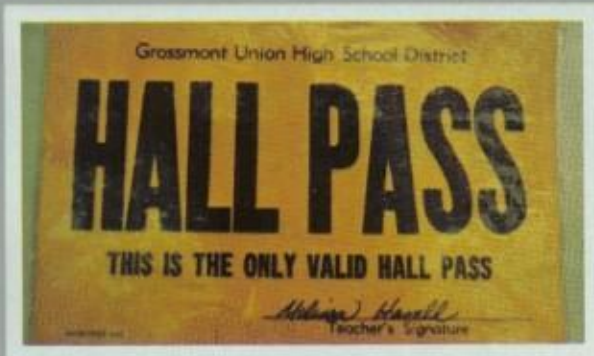

These are the (albeit disgusting) sights and sounds of lunch. May they forever stay locked between 4th and 5th period.

The choice of a New Generation

Santana Sultans,

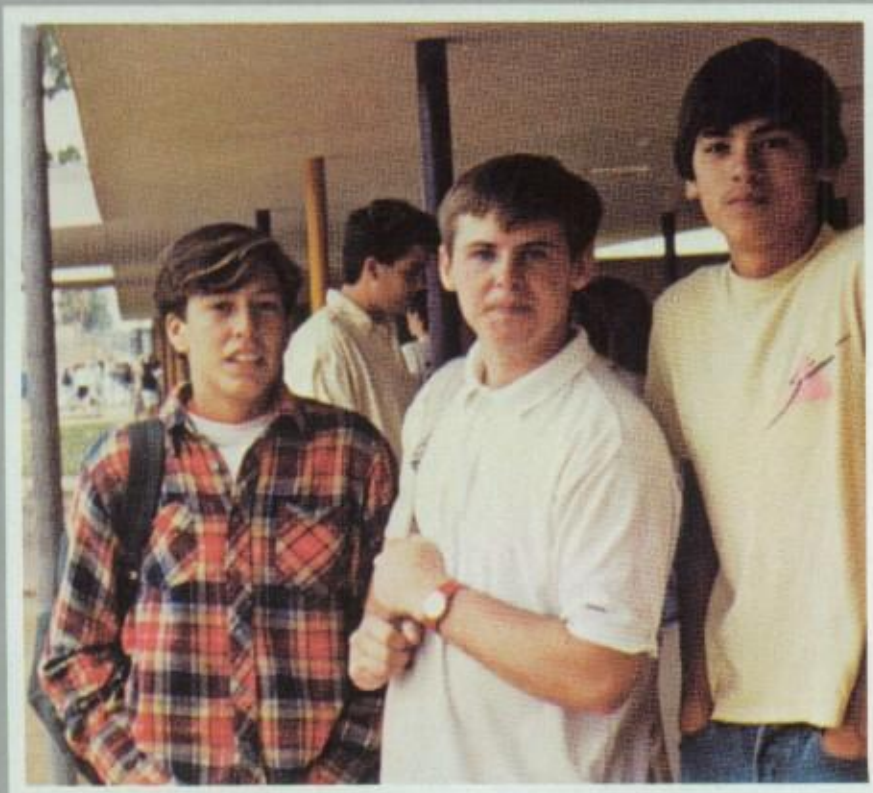

Getting out of class, formerly a privilege, became an adventure in itself. Students carefully lurked through the halls, attempting to conceal their teacher's newest and most creative version of a plain, yellow hall pass. Teachers "Decked the Halls" with everything from toilet seats, to tennis balls. The addition of more Campus Security Personnel and the new, yellow release lines in the P.E. area helped control the problem of students being out of class or leaving their classes before the sound of the bell.

THAT'S HOLLYWOOD

Think Brady Bunch, Blues Brothers, Top Gun, and Ferris Bueller, and what comes to mind? That's Hollywood! Homecoming '86 was accompanied by bright lights, dedicated alumni, and a homecoming court full of song. It began with 50 Senior girls and 30 Senior guys, and ended up with an honored ten. Homecoming Court consisted of Monica Barner, Heather Lehman, Tina Lovelady, Michelle Terry, Columba Vargas, Gilbert Goodwin, Mike Hastings, Scott Oliver, Raul Padilla, and Eric Stevens. During Half-time ceremonies, Queen Heather Lehman and King Mike Hastings were crowned.

Each class participated in the Float competition and produced floats that represented Hollywood at its best; the Freshmen, "Ferris Bueller's Day Off," Sophomores, "Grease," Juniors, "Animal House," and the Seniors topped it off with the "Magic of MGM."

They may not have been the brightest stars in "Hollywood," but they were the stars at Santana. The court, the campus and all who helped make the day really special, **REALLY SHINED!!**

"I'm a Nerd?"

"Yes, as a matter of fact, I do always dress like this!"

"You've lost that lovin' feeling ..."

"That's how we all became the Brady Bunch!"

"Head 'em up, move 'em out, Rawhide!"

EVERYBODY WANTS TO

Thursday. Lunch. Class Competition. Thursday was the day to show off your class spirit as Doug Sampson and Dee-Cee Hernandez called for Seniors, Juniors, Sophomores, and Freshman guys and girls to compete in class competition. Held every week during lunch in the quad, the classes went up against each other in events such as pizza relays, lap sitting, life-savor pass, and pie tosses. As you can see, everyone wants to rule the school for the class with the most points at the end of the year gets money to put into their class fund.

Doug and Dee-Cee did a great job in organizing the competition. Their hard work showed through its tremendous success. With spirited fun the classes had the opportunity to show who really had the most class pride!

Doug, Dee-Cee and Mr. Hunter "The minds behind the scene."

Get a little closer ... Rachael and Robert did.

Hi ... Ho!! Hi ... Ho!! off to work they go ... for their Senior class.

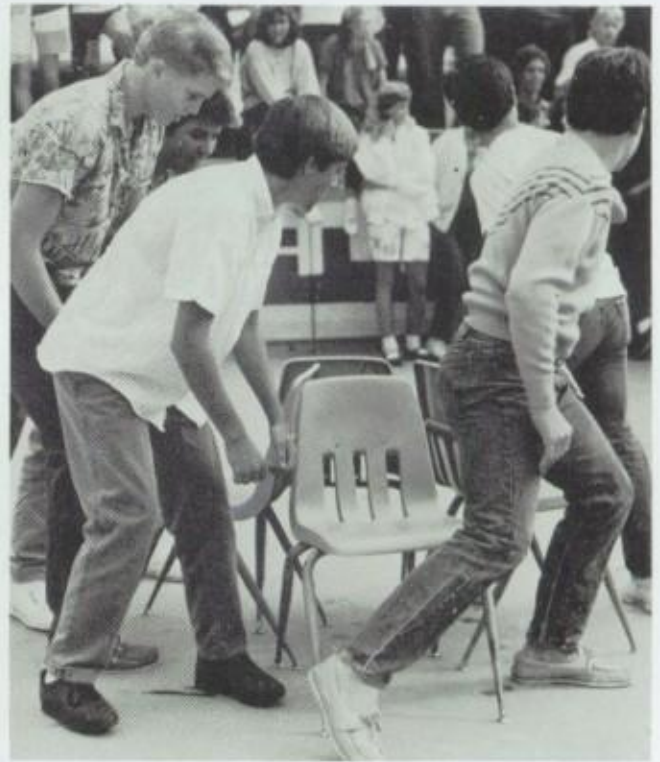

The lap sit shows some of the close binds at Santana.

What are you looking at? JoAnn Herzog dressed as a Gremlin on Halloween; she won 2nd place.

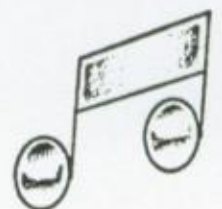

RULE

Us look childish? Don't you play musical chairs?

Gemmie a kiss. Danny Heacock taking part in the pie-eating contest.

WORKIN', WORKIN' ...

"We do chicken right!"

"Five minutes and two pages to go!"

"Our second home!"

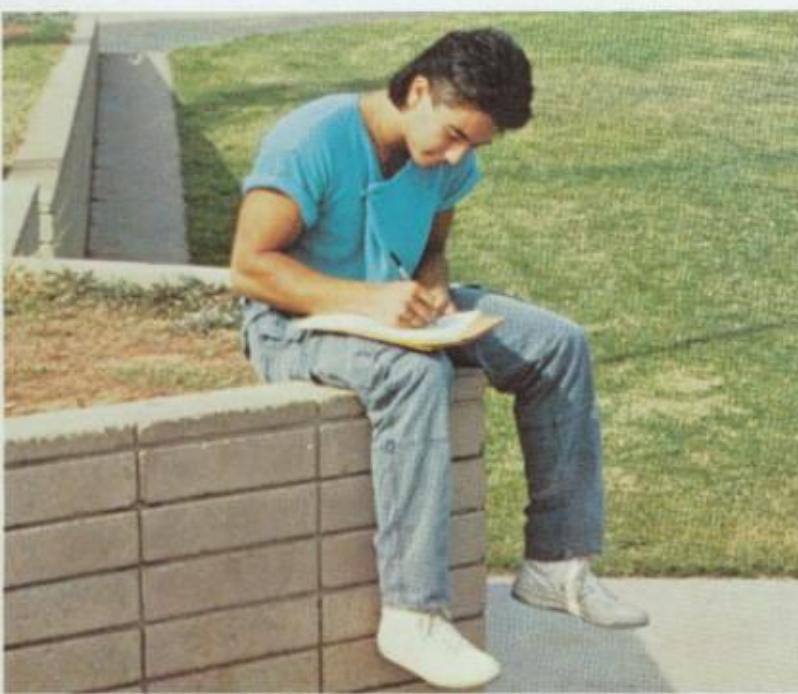

DAY AND NIGHT

"Take four more! These are on the clock!"

This is Burger King; You can have it your way!"

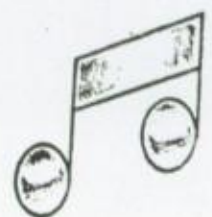

"Putting on the finishing touches."

What are you supposed to do when you are stuck with reading 100 pages for English, cramming for 3 tests, writing an essay, and slaving at a job for 4-5 hours in just one night?

We would skip our homework, wearily slump off to work, return home late, and crash. If we did try to do our homework, we would wake up the next morning with papers strewn all over the floor, a book stuck to our forehead, and discover the light had been on all night.

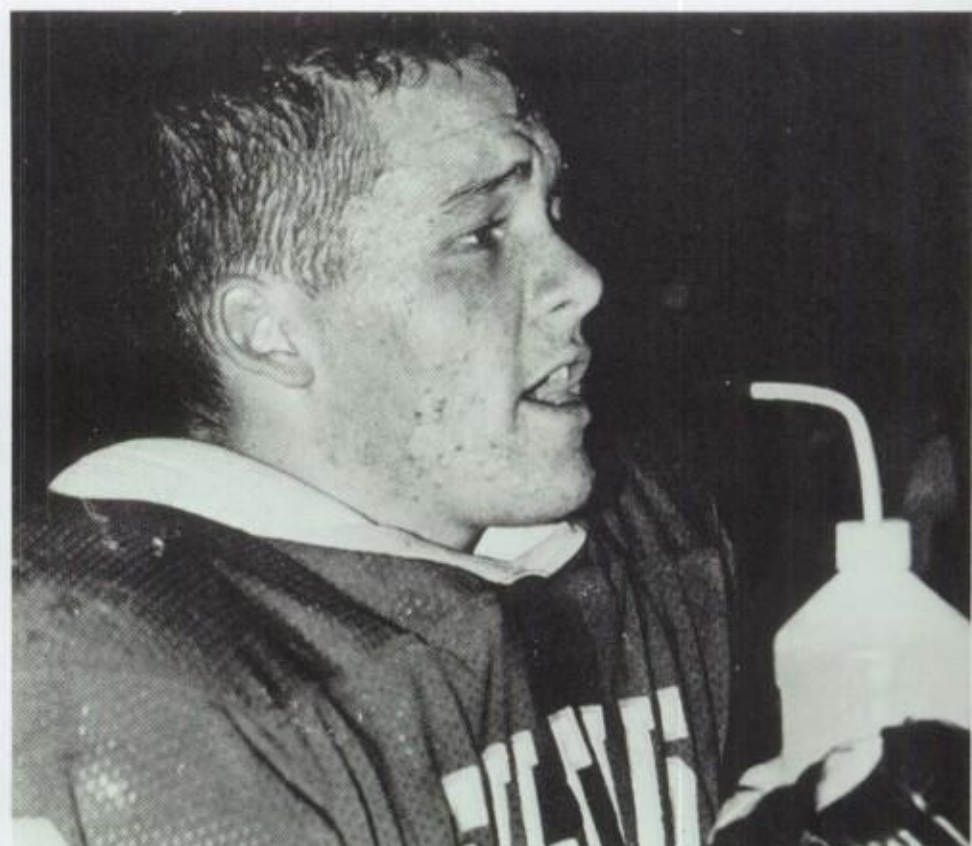

Working students finished the year knowing that jobs and homework just don't mix! They realized that they were just hanging on the door of the nut house, trying to escape!

JAM ON IT!

It was this big! ... Oh no, not another fish story.

Chaos on the dance floor.

As the game came to a close, you clumped down the squeaky bleachers and headed to the crowded parking lot with a crowd of other students. Even though you didn't realize it at the time everybody around you was thinking the same things you were. Your mouth felt like the Sahara Desert, your feet like Antarctica, and your stomach was loudly arguing with you about all the stale popcorn, sweet candy bars, and soda you engulfed during the game. As you exited through the chain-link gate you could smell the exhaust from the nearby buses waiting for the sweat-drenched shirts of the football players.

Everybody was tired, but there was too much fun to take advantage of in the myriad of events after the game. Whether you danced until your feet were in agreement with your stomach, went to a fast food place or to a movie, one thing for sure you had loads of fun! So, sit back, Remember the Good Times, and Play It Again!!!

Live for the weekend

Law of the Land — “Live for the Weekend” — is the rule around Santana, and will be for a long time to come. Whether it’s the beach, movies, desert, or parties, the weekend is definitely for everyone. Beginning with the last bell on Friday, a feeling of anticipation flows through the day and into the weekend.

Weekending in Santee means being with friends, and not worrying about anything but what to do next. There are so many things that can fill up your time, from going to eat to toilet papering someone’s house. Going to football games, basketball games, and dances are some of the things done on weekends.

The main concern throughout the two days is making sure you’ve had enough fun. Extreme amounts of fun, however, can result in extenuating circumstances when it comes to homework and late Sunday night — the end of the weekend.

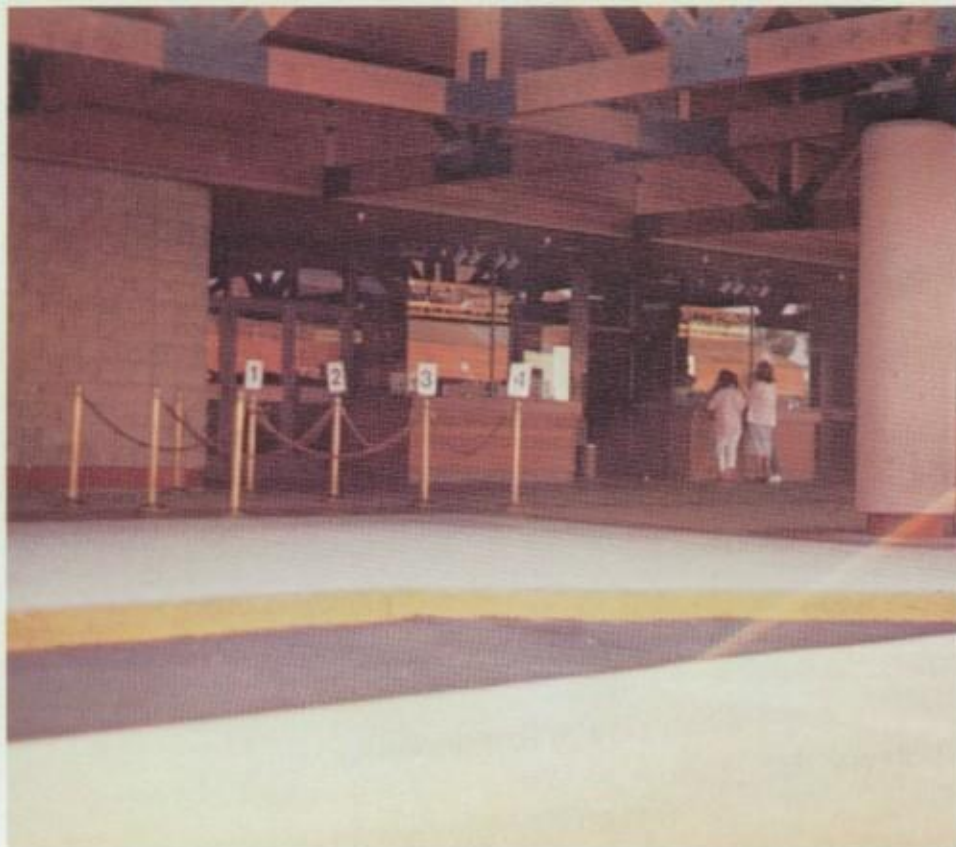

Working for the weekend.

Clubs and Organizations

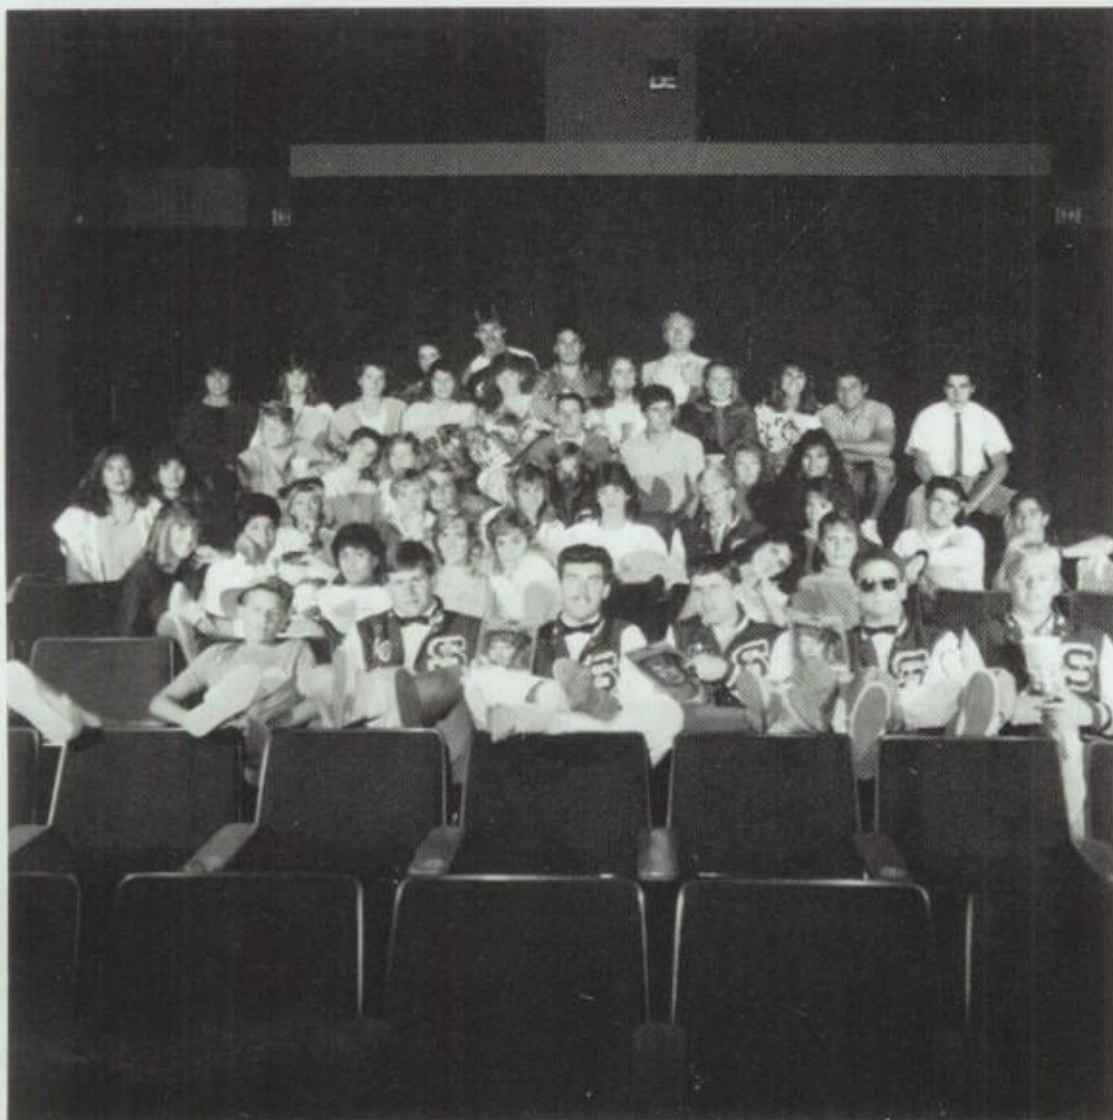

That's Hollywood

As the fourth period bell rang, the student leaders assembled their brains to surface creative ideas for various dances and assemblies. With the help of Dave Hunter, ASB advisor, and Hank Turner, ASB president, the year began with a great sense of accomplishment and success in mind. Their objective was to make each activity not only successful, but memorable too. This was accomplished by combining creativity and fun. Eric Stevens, Vice-President, Tracy Norris, Secretary, and Joann Herzog, Treasurer, helped to keep the class in order. ASB's goal was not only to have fun, but to help other clubs on campus with financial aid. The money made from the Student Store and numerous dances was distributed to many clubs and organizations around campus. ASB was a valuable experience that united all student leaders on campus.

Behind the production of an informative and thought-provoking as well as an entertaining and insightful newspaper was a team of hardworking, responsible and knowledgeable people: our very own Journalism Staff.

Each and every one of them. Under the guid-

ance of Mrs. Vandenberg, displayed the unremitting dedication, diligent efficiency, and "extra, extra" effort needed to become exceptional reporters. Reporting on the many school events, tackling controversial issues and writing imaginative stories, they offered us a top quality newspaper each month of which Santana can be proud.

What type of person does it take to put together hundreds of pages covered with words and photos to make a two dimensional image of a school that has a million dimensions and facets.

Well, it a little creativity, a little ability, and a whole lot of willingness to subject ones-self to scatter-brained afternoons and deadlines that have an uncanny ability to sneak up on unsuspecting staffers.

And if it's true that a little trial brings people together; then the yearbook staff is now more than just family, they're kissing cousins.

But without a doubt the memories and images cut into the vinyl and burned into the pages will be the keenest ever.

“Showtime”

Few people appreciate the hard work that goes into every performance of band. There are many arrangements and memorizations to be worked on before a show.

It takes time and determination to prepare a show. The band director, Mr. Braaten, picks the music, teaches it, and listens to it carefully to make sure each note is played at precisely the right time. Also, Mr. Braaten choreographs the marching band's performances. With help from the specialty corp captain, Dani Carver, and the drum major, Alonzo Rexroat, the marching band learns the steps, and memorizes where they should be on a certain note.

Marching band won sweepstakes in Borrego this year, and placed first at Corona and Oceanside. The concert band played well at the Winter and Spring concert as well as the Grossmont District Band Festival.

The club was organized to give the lettermen and letterwomen of Santana a chance to gather and talk about trips or outings where everybody could just have "FUN". President Rob Campbell and Vice-President Bruce Moutaw had high hopes for the Varsity Club and hope the students who have letters at Santana next year will come out and be a part of the "newest" club at Santana.

Contrary to common belief, the ROTC, an academic course, is not an escape from the books. They train in preparation for entering a military career. Despite the sneers these thick-boot stompers get from everyone, they hold military in high esteem. They do drills, read maps, and study leadership with the same consideration they give their other classes.

Since its inception, 2 short years ago, the drama club has blossomed from a quiet little click to an organization that boasts the largest membership on campus. The Drama Club's main goal was to get students involved and interested in the stage and all that goes with it. But the club does more than just put on a play every 3½ months. It is responsible for the "Showcase of Scenes" and the First annual Drama Breakfast. And this years Drama Club was the frist Club in the history of the Grossmont District to receive lettermen's jackets.

Under the artful and constant direction of Patti Dipuma, the club has glided smoothly through the troubled waters of infant clubhood.

The club and it's members envision a day when the Drama Club will be a shining new facet to Santana's image.

All throughout the year, the 33 members of Peer Counseling were guiding fellow students with their daily teen problems. The counselors, having been trained, were of great help discussing areas such as suicides, drug and alcohol abuse, sex and family problems.

"Helping people out makes me feel good; especially when something good comes out of it," commented one member. The positive feelings projected helped not only confused, but distressed students as well. The Peer Counseling staff was there whenever needed, thanks to Barbara Potts, who has successfully advised the Peer Counseling staff through years of mending battered feelings.

C.S.F.

Having maintained a high grade point average is rewarded by becoming eligible for membership in the California Scholastic Federation or C.S.F. To be eligible, a student must have an A average in college prep classes for the previous semester, be at least a sophomore, and pay a one semester dues of \$1.00. If a student is a member for at least four semesters, one of which must be during their Senior year, a gold seal is awarded at graduation. The members sponsor fund raisers throughout the year to raise money for scholarships to be awarded at graduation also. C.S.F. recognizes these students and gives them the opportunity to do activities, such as their annual trip to Magic Mountain, together.

ACADEMIC LEAGUE

That was too easy!

Tryouts were tough. Nine positions were open for the Academic Decathlon team. Coached by Mrs. Gilmore, these students began preparing early for the big competition held in November. Teachers in various academic areas helped tutor them during lunch. At the district meet, the team competed in six academic areas, interviews, essays, speeches, and in the super quiz.

The second half of Academic League took place in the spring with the quiz bowl. Team members took part in a quiz game. The questions ranged from academics to pure trivia. The team practiced hard during lunch and competed weekly against other schools.

BALANCE

What is it? It's outrageousness!! It's relationships, unity, strength in numbers, and many new frontiers. It's Campus Life, the largest club at Santana, who provided support and guidance for students from every walk of life. Charlie, Teresa, Dave, and students tried to promote a "balance" in the lives of many Sultans. When we asked what was most valuable about Campus Life Wendy Holloway called it, "a positive influence," and Dave Gauthier called it "a great place to find out who people really are inside."

ON THE OTHER SIDE

exchange students, Norika Nagatsuka from Japan, Shuichi Takada from Japan, Martha Cardoza from Columbia, Marcia DeMalo from Brazil, and Claudia.

Friendship explained what Iclub was all about. The Iclub was a group of about 25 people that helped our exchange students feel more at home "on the other side of the world!" They organized parties, Disneyland trips, and Zoo adventures to show the exchange students what America was all about. Most importantly, the Iclub assured friendships that often lasted long after the exchange students went home.

Relaxing at the meetings, Pat Espinoza.

Hola

DRESS YOU UP!

Whether you looked like Madonna, Vince Neil or a combination of the two of them you were a part of fashion at Santana. There were so many different types of people at Santana that a Fashion Club was almost a necessity. The Fashion Club helped bring these people together with something that they could all relate to.

The Fashion Club was lucky to have such courageous leaders. With all of their support the Fashion Club grew tremendously. Its membership almost doubled in only one year. It will continue to grow as long as it has the same type of leadership. The Fashion Club will never go out of style because there will always be different types of people.

While you were looking for a good club at Santana you may have strolled into room 303 where the Key Club met or into room 703 where the Fishing Club meetings were held.

The Key Club was a public service club that enjoyed helping the community. It sponsored such things as a Blood Drive, the Jr. Olympics, Special Olympics and some 10 kilometer runs. They also helped out at the Home of Guiding Hands on occasion. The people in charge of the Key Club must have been pretty special to want to help the community so much. Mr. Forster was the advisor for the Key Club. Jenne Palmer was the President, and ran most of the meetings. The people that worked with her were Trent Burns, V.P., Ginny Scott, Secretary, and Karen Eubank and Julie Estrada helped with the job of treasurer.

The Fishing Club was a club that brought all of the people that loved to fish together at Santana. The Fishing Club attended at least two tournaments a month. They had to wake up between 3:30 and 4 a.m. Even in the fun clubs you have to do things that are hard.

TWIST AND SHOUT

Long hours of practice and some exciting additions boosted Santana Cheer to a powerful start. Both Varsity and J.V. alike practiced from 6 to 8 A.M., Monday through Friday during the summer.

They attended cheer camp in Irvine and won a spirit award, first and second place ribbons, and a hardest working award; it was time well spent.

The addition of three guys to the Varsity squad created a new and exciting atmosphere. The guys promoted spirit and contributed their strength to build daring pyramids and help with the stunts.

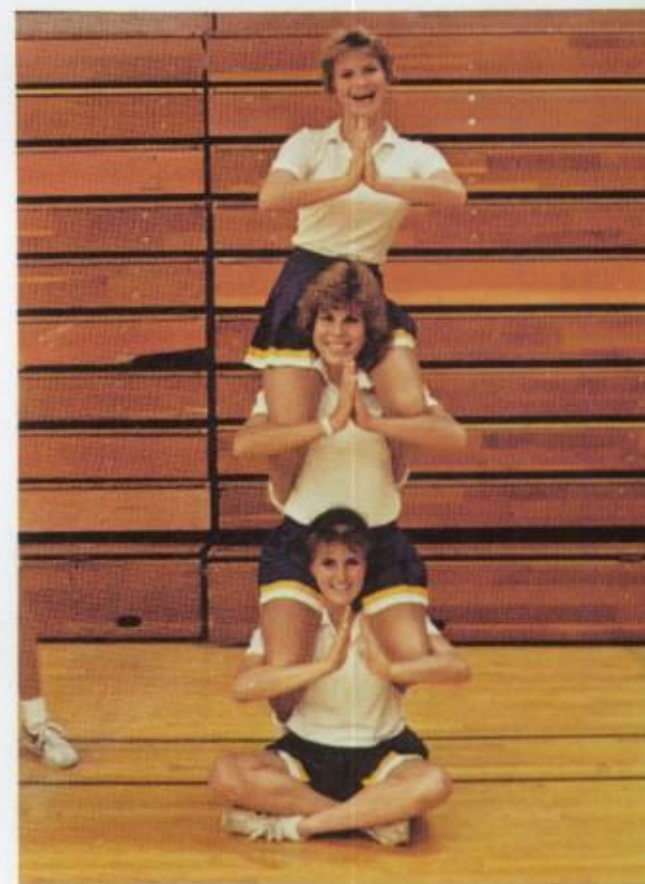

The hard work of both the Varsity and J.V. showed through tremendously. They encouraged the players and made every game exciting for everyone who attended.

SPLISH SPLASH

Tension builds as the whistle blows, arms flail and legs thrash through the water as the players race for the ball. Tedious practices filled with hours of rigorous workouts enabled the teams to have a successful season. All of the players agreed, water polo is an exciting, fast moving sport and a good way to build up stamina and endurance. Coach Phil Sinatra pushed the team through with high expectations and praise where needed. Although at times he had to criticize, it only made the players work harder. Winning was not the main concern for these guys. Just knowing that they could always do better proved that they were all winners!

Get out of my way!

Here ball!

Aw coach, give us a break!

... AND I RAN

The runners were nervous as they stretched and warmed-up for the race. They all had the same thoughts swarming around in their mind! "What if I win, and what if I lose?" Their adrenalin was flowing, and they were oblivious to the shouts and rumbling around them.

Excitement filled the air as the runners lined up to start the race. The gun shot, and the runners were off. They trudged over hills, leaped over hay bails, and scampered across dusty trails until they reached the finish line and received the satisfaction of a race well run.

Up, Up, and away!

Jump, jump in!

What do you do when you have only one game left that will put you in third place instead of fourth, sending you and the team to league playoffs? You win it of course! At least that was the attitude of the Sultan Volleyball Team when they played Helix High, not only winning, but gaining third place in the Grossmont League. Michelle Farres, second time Santana coach, was faced with a dilemma at the start of the year; with Sandi Hudson and Sharon Todd the only returning varsity players the rest of the team was pressed to work a little harder, but that didn't stop the Sultan spirit, as Farres says, "We did it! We made it to the playoffs!"

The Dirty Thirty

The Dirty Thirty started the year off on the right track by defeating Montgomery 13-6. But penalties, fatigue, and flat second halves cost the team as they let games slip from their grasp. These gridiron gladiators played hard and managed to surprise many teams.

This talent-filled team included five second-team all-leaguers and three honorable mention all-league players. Field General Bruce Moutaw guided the air attack with Steve Farris on the receiving end, while Bill Reed and Gilbert Goodwin took command of the ground duties. Troy Nuenswander and Doug Sampson battled it out on the line and Andy Heacock led the defense at linebacker while Pat Espinoza patrolled the secondary. Although they fought hard and played together their losses outweighed their wins.

The Nifty Fifty

J.V. began with the best start in Santana history. The Nifty Fifty won it's first four games before finally being slowed by a tough 0-7 loss to J.V. champions, Granite Hills. They showed their strength by rebounding with a tie at Helix. Despite a weekly episode of musical quarterbacks, the J.V. was able to perform on offense. But they really shined on defense, holding their opponents to one touchdown on numerous occasions. The success of the junior varsity promises a successful season to come.

Heating Up ...

As the games begun, Santana's Girls Tennis teams main objectives were to dethrown the top league teams and improve team standings. Talent that heated up the scene were dynamic doubles players, Rita Schack and Shannon Huffman, who made 1st team all-league. Other players were Jennifer Cole, and 2nd yr. varsity member Isabelle Stark who always had the right balance of control and competitiveness. Although losing 6 seniors coach Stinchcomb, no doubt predicts a great future for the young competitors coming up. With their strong finish in the league, and their ability to have a good time on and off the court, the team definitely had a smooth finish.

This is a private discussion.

Leaping to the top is what our varsity and J.V. gymnastics teams did best. Led by captains Susan Ashe and Michelle Terry, and coaches Steve Butcher and Becca Webster, a former sultan, the girls showed their spirit and determination by always performing their very best. These girls practiced every school day from 2:30 p.m. to 4:00 p.m., and their long hours paid off in outstanding finishes, and grace beyond compare, on and off the mat.

Winning Soccer!!!

A new coach and a new attitude started Boys Soccer off with a bang. No longer were they willing to be trapped in the leagues cellar. Coach Coffin pushed the guys and tried real hard to coach a sport, that before April he knew almost nothing about. With a few hard fought losses, the season began to look like the not to distant past. Spirited and never ending spunk, they finally began to win some games. The changes began this year with coach Coffin and hope to continue next year with returning players like Jeff Strukel, Brian Adams, Jeremy Hixon, Aeon Stanfield, and Joe Scibetta.

A new dimension of soccer started this year on the field. Calvin Crosse has brought winning soccer to Santana. With the mixture of hard work and skillful soccer the girls soccer team is now part of Santana's winning family. The girls played together this summer in order to get to know each other better. Those emerging as leader were on the team during the summer, Nicky Roche and Mary Jo Gamblin have led the team to their victories with Nicky supplying the offense and Mary Jo supplying a defense that was almost impossible to penetrate. Calvin can sleep easy this summer because most of his skillful talent will be back next year for another year of hard work and winning.

Both the boys and girls swim teams were very young, but very talented. The girls were led by 2 time C.I.F. diving champion Eileen Maul, and the boys by Fritz Boyle. Coach Sinatra, the boys coach hopes to see his very young team come back next year so he can build a winning program. Coach Farres also had a young, but winning team, which will be the backbone of next year's team. Both teams were full of dedication and determination. These two factors are what made the swimming organization at Santana a sport to be part of.

Jonesy & The Gang

Wrestling is an individual sport that requires intense practices, up to 4 hours a day, running, and dieting. It is a true test of competition. Although the team started with more than 40 guys and one girl, wrestlers soon found the price too much to pay, and sooner or later the team was down to seven wrestlers by the end of the season. Talent to heat up the scene was Phil Jones and Todd Jackson. Phil surprised everyone with his desire to win as he went undefeated in the Grossmont League, perhaps the toughest league in the state, and Todd Jackson, who also placed at C.I.F. Other tough competitors were freshmen Phil Parga, Ken Welsh, Chris Dias, Sam, and Brian Beahdion and also Junior Gary Lerma. For them, finishing the season was an accomplishment, something that few people even attempt when it comes to wrestling.

The Sultans began the year with a great start. Returning varsity players Tim Barry, Hank Turner, and Jeff Henderson played major roles in leading the Sultans to their unexpected success in the first half of the season. However, playing in the Tough Grossmont League became quite frustrating as the Sultans could not finish the season as strong as they started.

“Hit it, Run”

As spring was heralded in, cries of foul ball and shrieks of female exasperations could be heard echoing forth from the softball field. The varsity coach, Sue Stinchcomb, could be heard supporting the young team; three freshmen Rebecca Aase, Shelly Hawkins, and Jenny Murphy. The two seniors on the team were Monica Sanchez and Rita Schack. It was through their awesome hitting and field abilities that they showed the county that they were a force to be reckoned with. While the varsity was pushing themselves toward the ultimate point of softball excellence, the J.V. was just getting their shoes and gloves broken in. With a virtually freshman team coach Charlie Castelo coached many new players at Santana. However, through their dedicated, hard work the J.V. had a truly rewarding season.

FORE!

Golf certainly wasn't the most popular sport at Santana, yet it has emerged as one of the most successful sports in the school's history. The past season was no exception. Coached by Mr. Dunton, Santana's golf team was the dominant force in the Grossmont league.

The team was composed of eleven dedicated players; six of whom played weekly in competition. Santana was led by three of the top five players in the league; seniors, Matt Stottern, and Steve Frame, and junior, Kevin McBroom.

The team thrived on dedication and excellence. Being an individual sport, as well as a team sport, their success depended on their consistently positive minds.

TRADITION . . .

Winning has become a tradition when you're speaking of Santana Girls Basketball. All of Coach Wade Vickery's Basketball teams were winners, and this year's team was no exception. This winning tradition has not come easy. It takes a lot of dedication and hard work to produce a winner, and the Girls Varsity Basketball Team had those qualities. Winning also comes from having a closely knit team, and they also possessed this quality. The atmosphere on the basketball court was that of a family atmosphere. Coach Wade Vickery and his girls remained as close as a family. Any team that has all of these qualities will be a winner and have a lot of memories that will last a lifetime.

J.V.

The purpose of a J.V. team is to prepare athletes for Varsity. There is no one better at preparing basketball players for Varsity than Coach Dave Hollman. Coach Hollman has also established a winning tradition, and the J.V. girls Basketball Team has held up that winning tradition. The J.V. team was very talented and also very successful. They established another winning season for Coach Hollman.

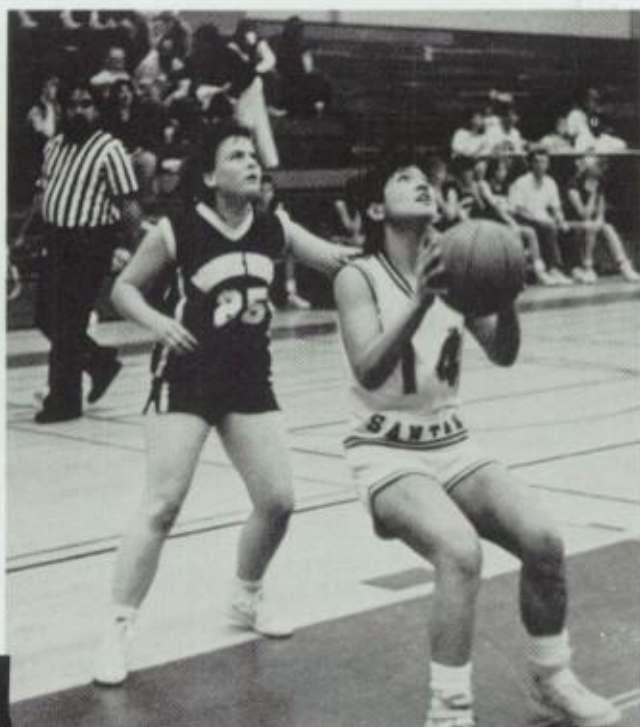

A J.V. team is very important to the future of Varsity teams. If you have ever been coached by Coach Hollman, you'd know the importance of a J.V. team.

“HIT THAT PERFECT...”

One of the most successful organizations on campus is our baseball team. With players such as Mark Sherman, Bill Reed and Raul Padilla, following in the giant footsteps of last year's team wasn't as hard as one would have imagined. The dedicated players determined to boost their skill and morale practiced around three hours a day in preparation for the average of 25 games they played. Playing baseball gave them a chance to be competitive, learn to work together, and at the same time release some frustration. As Coach Saska always emphasized, they need fun to do well and to win. Besides winning together, the team worked and played together as a family to create an outstanding season.

Run to you

What does it take to be one of the best allaround Track Teams in the county. Well it takes a little stamina, a little grace, some speed, and a lot of spirit. And of all the above, the Santana Boy's Varsity Track Team had heaping spoonfuls of all of them, especially the spirit part.

No resource went untapped, the team possessed and utilized all its members to their fullest. And it was due to generous and talented guidance of Coach Layton and Coach Kaster, and as one runner said, "Wow, they're just the greatest".

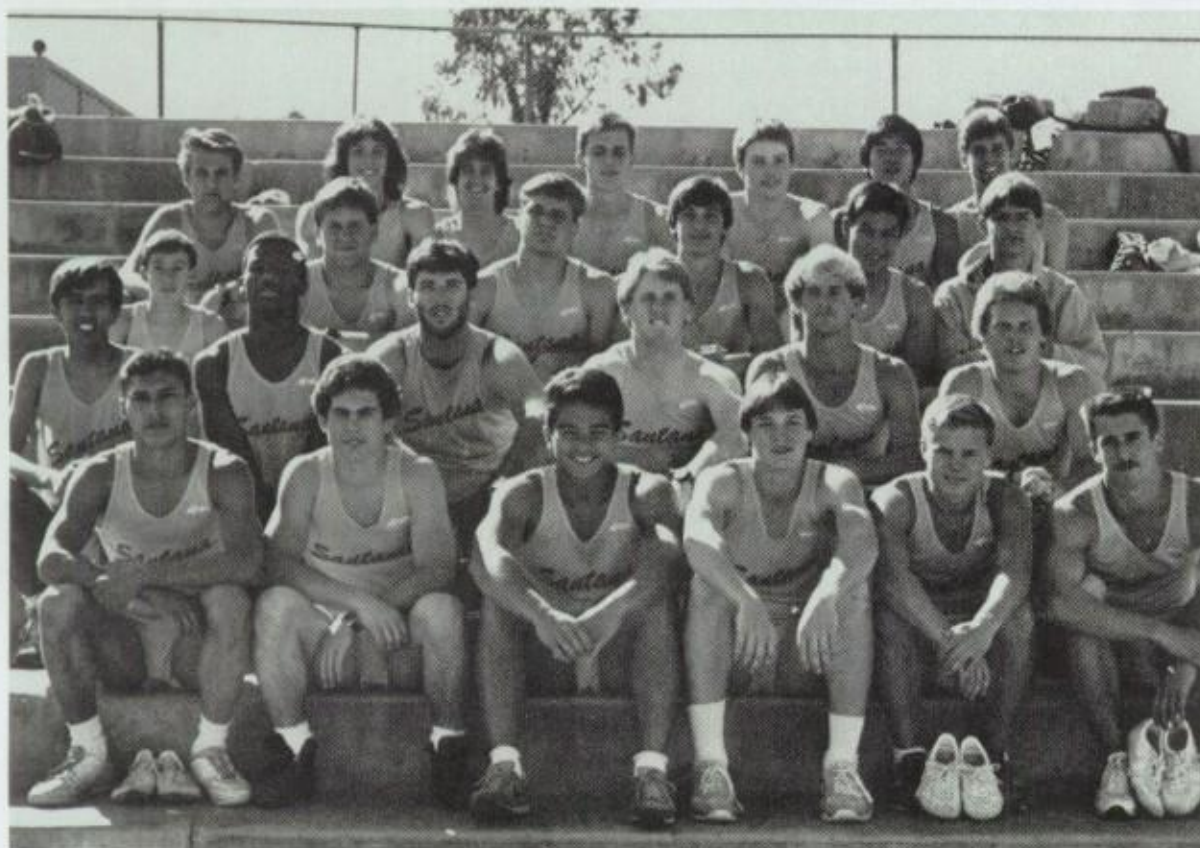

With the speed of Gilbert Goodwin, to the stamina of Kyle Durrick, and the animal strength of John Burd, heaped onto the grace of Konrad Carelli, and the all-encompassing spirit of the whole team, Santana proved to be a top contender in the fast track of high school sports.

J.V.

*I*t was the Boy's Junior Varsity Track team that provided the glowing embers of a brilliant future to come in Boy's Track Athletics. One could hear the murmurs of anticipation as the awesome Sultan Gladiators stepped onto the field, ready to battle the impish competition.

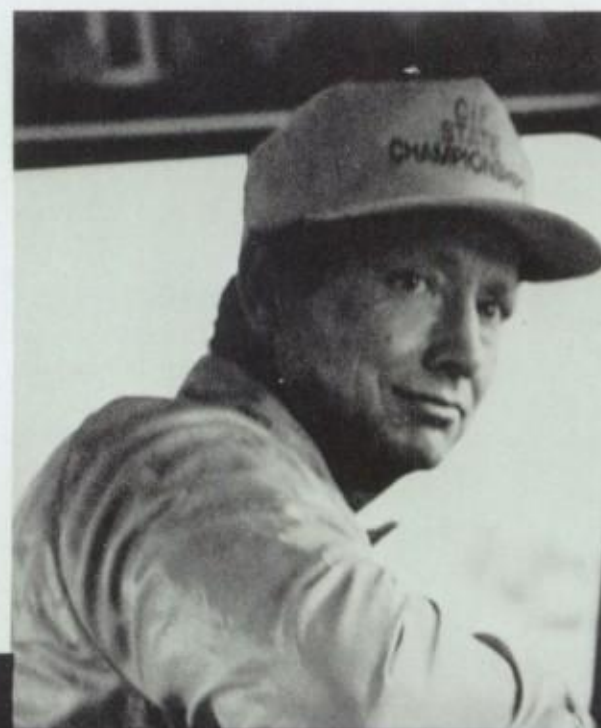

The J.V. team shone with the likes of David Virgil, Darren Springer, and the power and agility of many others. This year's Junior Varsity shined like the Milky Way, even through the aweinspiring stars of the Varsity Team.

Is it over yet?

Preparation for the events is often hard work.

Winged Feet

While the Boys Track Team showed the county the raw and brute strength of Santana; it was the girls team that gave us the grace and intensity of what real competition was like.

From the sprint to the jump, and even the shotput, the girls gave it their all; and showed us that they had a lot to give. Under the coaching of Mr. Layton and Mr. Caster, the team gave one of the best performances in Santana History. They truly showed bright as stars among some of the biggest constellations of Track stars the county has seen. From the winged Hermian feet of Julie Ringer, to the Herculean strength of Joann Herzog the Girls Track Team proved that girls are made of more than just sugar and spice.

“IN THE GROOVE”

Determination, Dedication, Optimism, Enthusiasm, Brats — words synonymous to the tightly knit Varsity Tennis program of '87. With the newly split Grossmont League, Santana strived to lead their division and start a winning tradition. At the beginning of the season, 4 year letterman, David Hughey stated, “Santana is an explosive force to be reckoned with.” And, under the guidance of Coach Jim Hill, the team proved their potential domination in pre-season wins. Adding depth and support from the J.V. level, many promising players emerged, setting a foundation for future successful teams. Supported by the returning seniors Neil Arabe, Gary Vigil, Mike Jardel, and Robert Reed, Brad, the spirited attitude of the team, kept the team playing at a competitive level all through the season.

The Beach — The Place to be.

The taco & burrito dethroned the reign of the pizza.

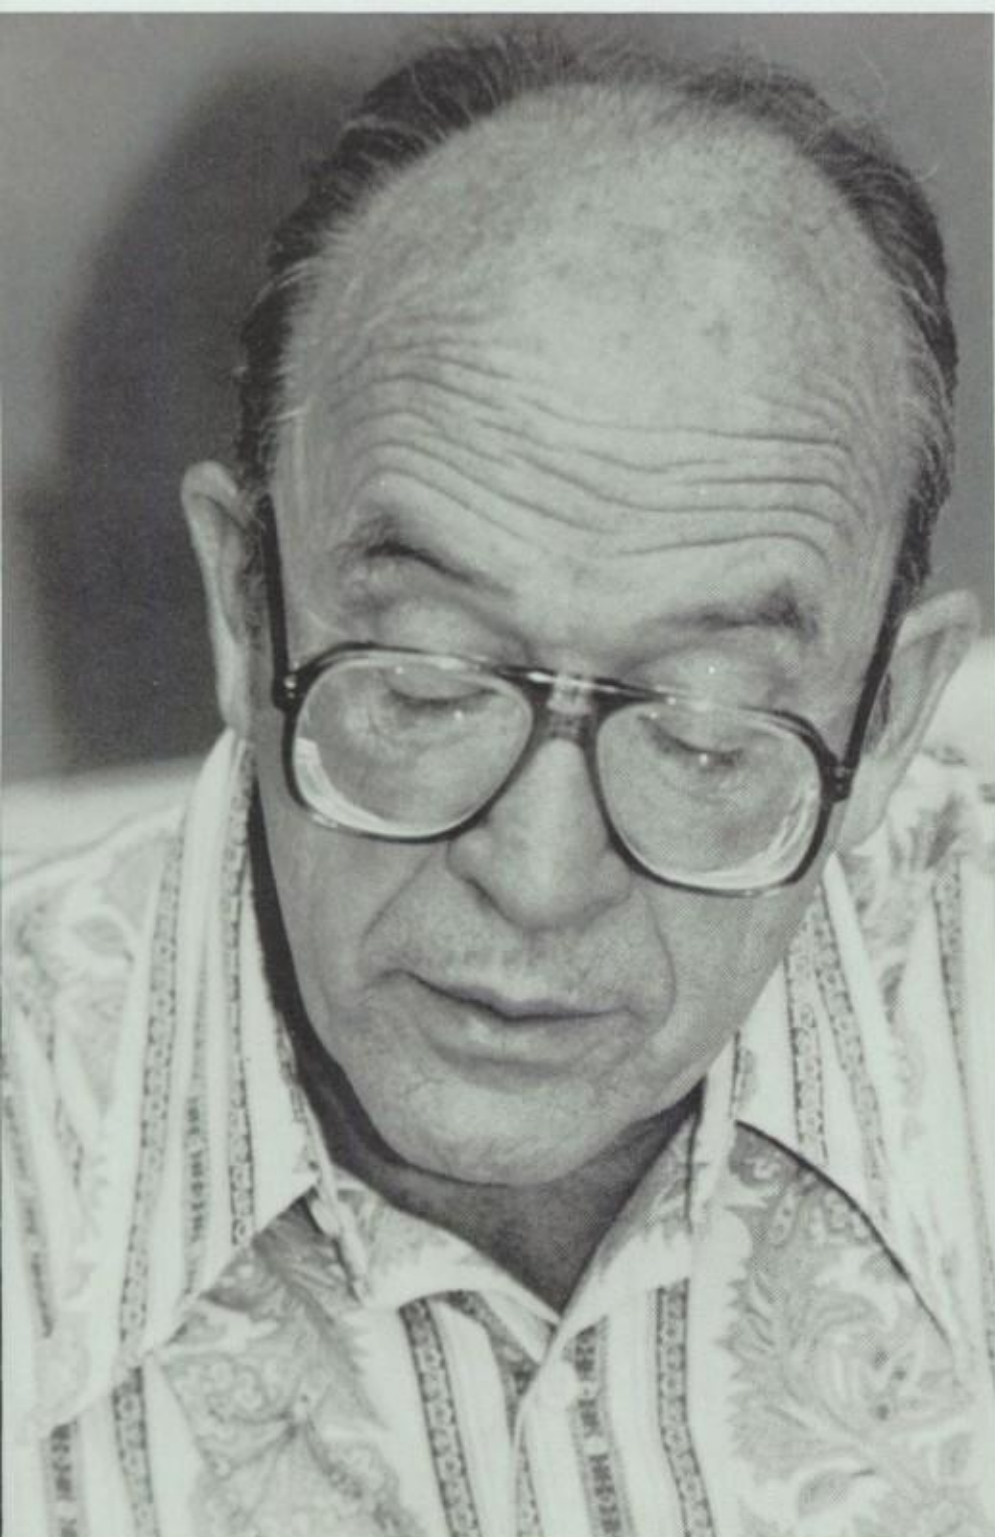

Social Distortion's "Mommy's Little Monster" emerged as the anthem of rebellious seniors.

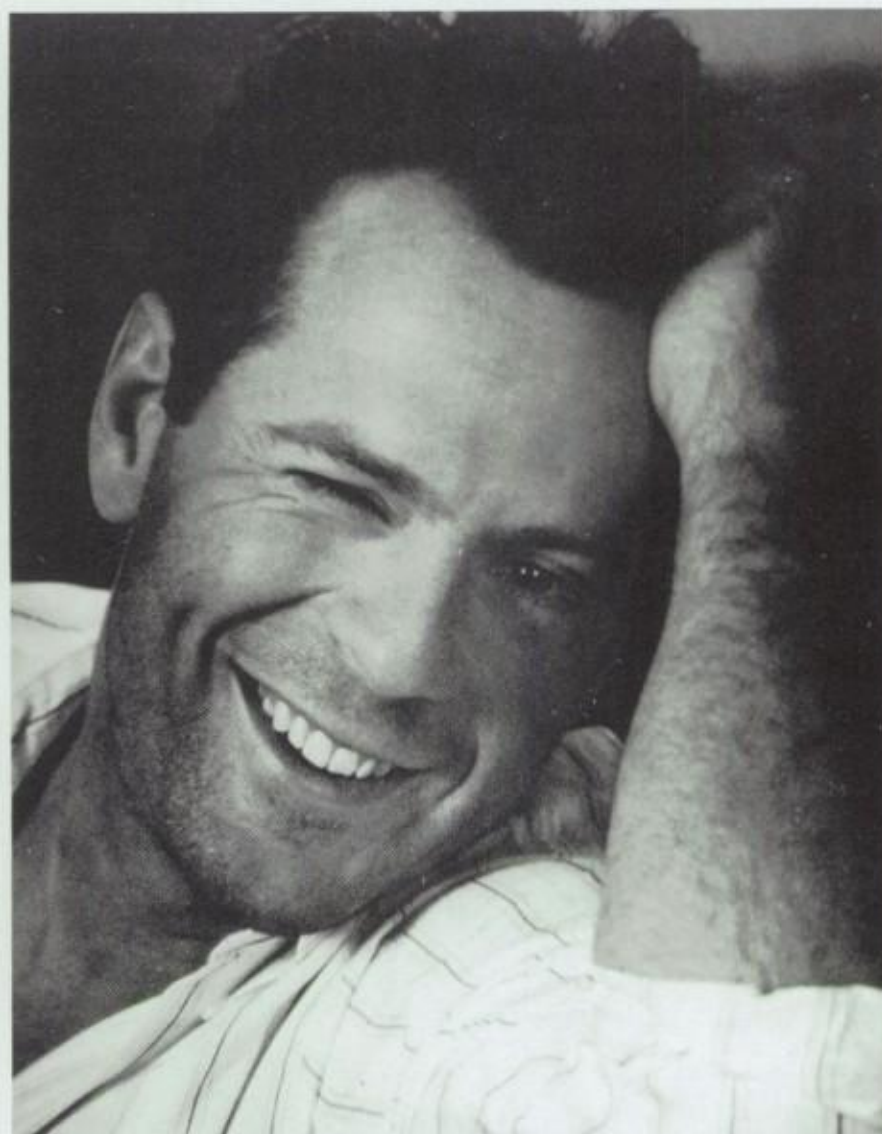

The Beave survived two decades to remain popular among teens.

Freddy Krueger scared his way into third place on the movie list.

Ed Noble charmed his way into the hearts of senior girls and guys.

The witty David Addison (Bruce Willis) made Moonlighting a senior favorite.

The rock of the '80's was still strong in 1987.

Oingo Boingo rated as Santana's favorite group.

The Golden Arches squeezed it's way into third place behind ritzier restaurants.

... In charge

Just one big happy family.

Advisors

It took a lot of willpower for the Class of 1987 to make their Senior year the best. But this class and their officers turned their year into a shining success. From cinnamon rolls to lollipops, to an unequalled Christmas Dance and Prom, the Senior Class Officers guided their class expertly under the advice of Dale Teschler, Patty Kreikemeier and Bill White. The whole gang of officers seemed to exude a certain flair and style as they went about the difficult business of being Seniors In Charge.

A HEAVENLY CHRISTMAS

***A**s December rolled around the whole school knew what time it was, it was Christmas time. Christmas marked the annual Christmas dance sponsored by the senior class. The students of Santana geared up for the gala event by going out and spending a lot of money on long formal dresses and tuxedos. Then they went out and spent more money on limousines and dinner at fancy restaurants, like Bobby McGees and Reubens. For the guy, or even sometimes the girl, the night of the Christmas dance is the most expensive night of the year. The Al Bahr Shrine marked the site of the Christmas dance. It was wonderfully decorated, and it kept the feeling of the dance romantic and definitely a night for a couple to become one. The Christmas dance was the beginning of a heavenly Christmas for all the couples who attended.*

Rockin'

Sure we're having fun!

Racing Buddies

Ever since they were no bigger than a lug wrench Mike Clark and Gene Levell have been working on cars. Mike has been working on cars since the age 5, and Gene got a late start, at the age of 7. Now they build cars. They have built a 516 Baja Bug class 5, 1600, and class 1 unlimited single seater. They are interested in off road racing. They have been racing for two years at Cajon Speedway, Great

Mojave 250, Superstition 250, and the San Felipe 250.

Gene and Mike build Baja Bugs during their spare time at home and during auto mechanics with some help from their auto shop teacher, Jake Bagnell, and they are sponsored by Bill Steen.

They both plan to attend Arizona Automotive Institute and enter the Mint 400 and win!

Here's Eddie

For those who don't know this face (and even those who do), this five foot five inch senior is Eddie Otenburg. When he's not trying to impress girls with his "awesome" charm most of his friends can find him working busily in the library. Doing what you might ask? Last minute homework of course. Truly Eddie is an active and spirited Sultan.

His activities include honors classes, head of Santana ROTC. He was in charge of his class — First place homecoming float two years in a row, and he is active in other extracurricular activities such as campus life and running.

Busy as he seems, Eddie always manages to find time for his friends; that is, if they can get his head out from under the hood of his car (which he plans to have running soon!)

Mex

Being able to play a Varsity sport as a freshman takes a lot of ability, and a very special person to do that. Monica Sanchez was one of those special people. Monica played Varsity Softball as a freshman. While on the softball team she made a big contribution to them winning the Grossmont League and the CIF championship.

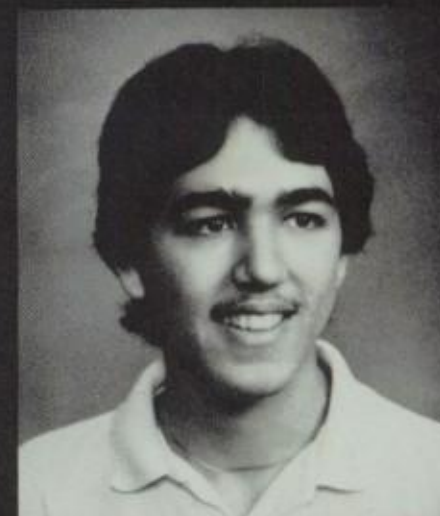

Monica also participated in basketball.

She played JV basketball her freshman and sophomore year. She chose not to play her junior year, but made a strong comeback her senior year.

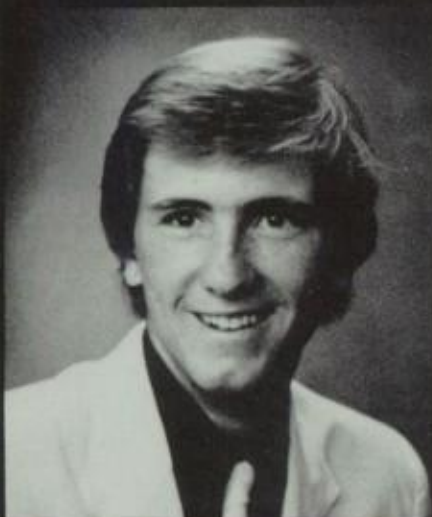

Monica has also been involved in ASB for 2 yrs and yearbook for one. Known as "Mex" by most of her friends, Monica Sanchez was one of the most interesting and involved students at Santana.

Rita

Most people take one look at Rita and classify her as a quiet person. Those people are very, very wrong!! Obviously, they haven't seen Rita ripping up the courts or watching "Nightmare on Elm Street" ... Rita can YELL!! As a matter of fact, once you get her going, you can't stop her. Not only is Rita an incredible basketball player, she's an outstanding tennis player as well. Add to this a G.P.A. of 3.9, and you'll probably understand why she was picked as Student of the Month in December. Rita is just plain "outstanding" in everything she does.

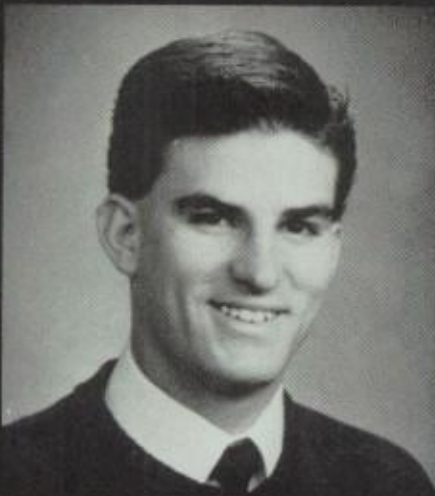

Small one-person handgames, like rubics cubes and pegs, and dolphins are among the things Rita collects. Rita has set her sights on Cal Tech where she wants to major in engineering and learn to build Robotics. "So look out you computer weirdos, the next sound you hear may be a Rita Robot!"

Meet Kevin Pizzuto (P.R.) ...

Is he a student leader, skipjack, or just a rebel without reality? Kevin Pizzuto is an insider on the Santana campus, his four years here have been spent honing his talents of communication and interaction with his peers. Even though Kevin has gained the respect of his fellow students through his hard work on A.S.B., he still has the reputation of a boy in pursuit of fun. As one student remarked, "Kevin is just a Party Rodent." But young Mr. Pizzuto has his serious and caring side too; as he plans to be a cardiac technician after college. Hoping to reverse the sadness of heart disease, which he has seen first hand. So keep an eye on Kevin in the future, you might just see his name in a medical journal, the best dressed list, or Mad magazine.

"MERCENARY MIKE"

Mike Abdelnour has a rather strange reputation on the Santana Campus, he is a "Mercenary." But there is more to Mike than just a hard core musician on the Fast Lane to success. He is a young man with a future. Catch him without his shades and you'll see a hard, intensity of success shimmering in his eyes ... and succeeded he has, from 4 years on the soccer team to cutting and marketing his first two records all when most students are still trying to pay off their parents for their first stereo. But the road to success hasn't been easy or cheap. On this Mercenary's first record, the group is just hoping to break even. But even if Mike's future doesn't have a musical note, it will definitely have an entertainment quality, seeing how even at his tender age he's already been an announcer at the biggest money making attraction in San Diego, "Sea World." So it's on to the real world and what ever he does, he is sure to succeed.

Living It . . .

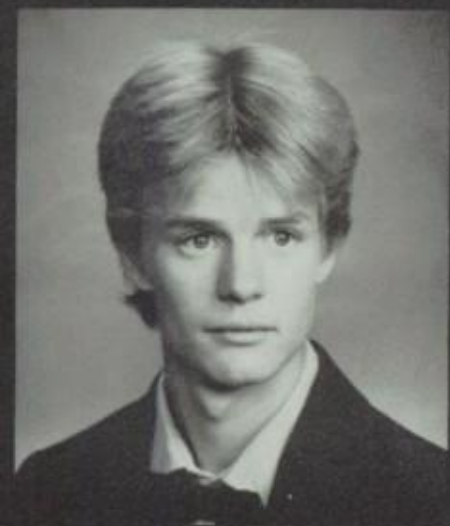

All seniors really start thinking about what to do after graduation. But Scott Davis is doing it. He has his own business (with friend and partner Sam Craven), installing stereos. It's known as "Infinity Installations". After school they install sound systems for friends and during 0 and first period, they have done work for teachers. "Scott and Sam assisted me with my car radio. They were polite, knowledgeable and interested in fixing it," replied Mrs. Keach, the Principal's Secretary. With their experience in electronics, their futures look very promising.

Meet Pat Espinoza

Under the tortoise shell Ray Bans, and wide innocent grin exists Pat Espinoza — who in no way fits the classic description of the Valedictorian.

Aside from a 4.0 GPA, Pat took part in many activities, and achieved many honors. He's been part of C.S.F., Campus Life, and the football team. He was Boy's State Representative, and his name is found in "Who's Who in American High School Students". Pat also works as a busboy at Magnolia Mulvaneys, and enjoys going out with "the guys".

Even though Pat is leaving the school, his devious wit will remain to add a slight modernization to the classic description of Valedictorian.

And Heeere's Mike ...

You've probably seen him in the halls, or maybe you have heard him in class — he is the soft-spoken, intelligent guy with a kind word for everyone. This rare person's name is Mike Fielding, and he is the true definition of a "nice guy". A recent import, Mike is from Tennessee and has only spent the last two years at Santana. He was admittedly

a little scared of California; the laid back lifestyle was one that Mike wasn't sure he could handle. But, handle it he did between getting almost straight A's, and keeping up a staggering social life (a girlfriend, oceanography, church events, and after-school plays comprise only part of it). And his life promises to blossom with college and then as an English instructor.

"Joe Cool" . . . Artist

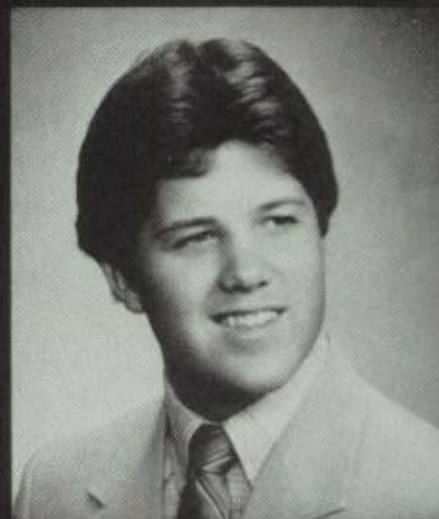

*B*eyond the obvious characteristics of shyness and sensitivity, Joey Rosen also possesses an artistic flair; enthusiasm and dedication are seen both in and out of the classroom. With her own money, Joey attended Idlewild Art Camp in order to further develop her already talented skills. Both students and teachers find Joey dependable because of her availability to work on last minute tasks. There is no limit to Joey's accomplishments, and she will continued to be admired by her peers.

The highest of hopes showed Santana that the Junior class was dreaming big. The class of 1988 worked hard toward an even more successful senior year. They became very popular with Junior breakfasts and pretzel sales. With the help of their advisors, the year went as planned. Much of what they learned this year will help to make their senior year spectacular!!

Winning first place in the Halloween contest for the past three years means you probably have a creative and vivid imagination. You do if your name is John Carroll.

Not wanting to call attention to himself, John is modest about his accomplishments. His hobbies include being part of the track team and the cross country team for the past two years. John enjoys being part of athletics but says it takes up a great deal of his spare time. He also attends church on a regular basis with his family, two sisters and a younger brother.

John's future plans include attending UCSD and going into the medical field.

Small Wonder

Curtis Kolinek is one of Santana's craziest Juniors. At 4'11" and fifteen years old, Curt is enjoying a 4.0 g.p.a. and is an officer in his class. With expectations as high as going to the Naval Academy to become a surgeon, he has a lot of hard work ahead. After being moved up one grade, he knows how to adjust to hard work. In the little time he has to spend with his friends, he likes to play sports. From baseball to football, Curtis loves to win. With this frame of mind he'll achieve anything he chooses.

SERIOUSLY

You can "seriously" say that Cherie Dunn is someone who jumps in with both feet. From conducting research on restaurant bathrooms in preparation for writing a book, to being an accomplished pianist, Cherie's interests are many, and quite diverse. In her second year on the yearbook staff, she is already on the executive team, despite the fact that she left her "Blankie" at yearbook camp.

Cherie's musical talent, however, is "serious." She has been playing the piano since age six, and is planning to continue her studies at the University of Oregon. Hearing her play though, you might wonder why she isn't headed for Julliard's School of Music.

Cherie's contributions to this edition of the Santana yearbook are numerous. We couldn't have done it without her — "seriously!"

BOOIE!!

Bright and energetic, Bruce Moutaw not only holds down a 4.0 grade point average, but plays two Varsity sports, baseball and football. Bruce doesn't stop at school activities, he also has a morning paper route.

Besides planning to attend Stanford University to study engineering, Bruce enjoys watching Rocky & Bulwinkle cartoons and collecting The Three Stooges memorabilia.

As outgoing as Bruce has proven himself to be, his future should be awesome!!

Outgoing, responsible, and cooperative are just a few words that describe the class of '89. They did fundraisers such as, car washes, and candy sales. But the most successful was their candy cane sale which they sold over 900 candy canes. There is no wonder why the advisors for the class feel proud to work with these people.

When most people think of bicycling, a relaxing ride through the neighborhood around Santee comes to mind. However, Joey Ortega adds to the term "style and expertise". As his main hobby, Joey also finds "bicycle freestyling" a serious sport. He is a member of the American Freestyle Assoc., which holds contests all through Europe and Canada as well as the U.S. In Compton, Ca., he has had much success, winning trophies and being able to appear in a few local magazines such as *Free-Stylin'*, *BMX Plus*, and *BMX Action*. Yet, he confesses that a little determination and lots of practice always helps. Practicing 4-6 hours a day with either his Hare, Hutch, Schwinn or Diamond Back bicycles, Joey perfects new tricks and routines to "Sigue Sigue Sputnik", one of his favorite musical groups. However, he stresses that doing his homework and getting good grades come first. Keeping a steady 3.4 G.P.A., he hopes to attend SDSU or UCSD and eventually become a Public Accountant. But for now, Joey is content with freestyling.

Being a sophomore is no easy task especially when you are a transfer student from another school. Tonya Louise Hurst just transferred to Santana from Hoover High School in East San Diego.

Rollerskating is a tradition in Tonya's family. She is carrying out that tradition and has been skating competitively for five years now, competing once a month in San Diego county. She usually practices in Chula Vista twice a week and up to six hours at a time. Tonya's biggest thrill was placing second in a figure and freestyle contest.

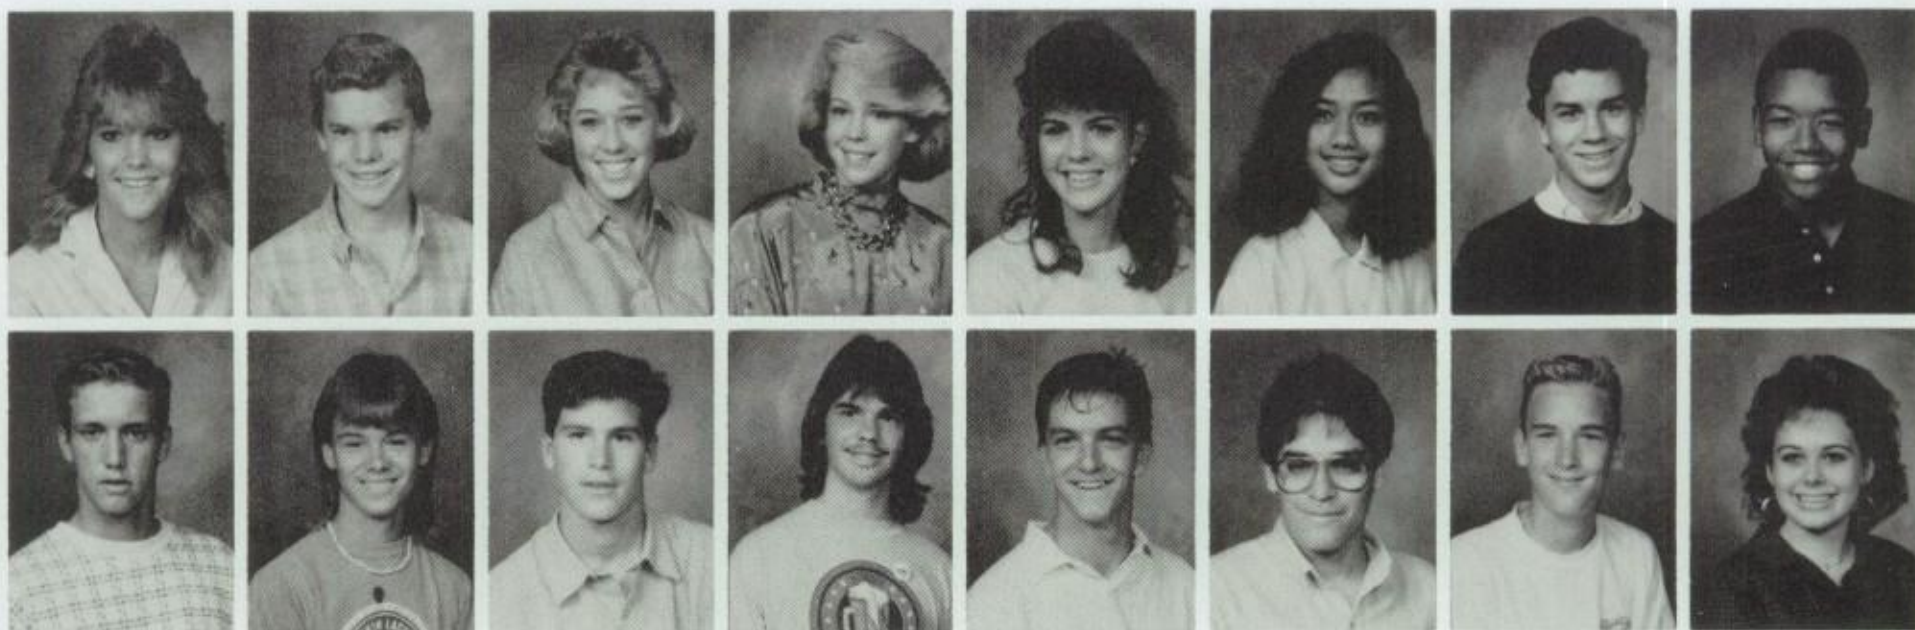

In her free time, Tonya enjoys traveling and going to the desert.

Tonya plans to pursue a career in the Dental field, and to keep on skating.

AT THE CONTROLS

Have you ever thought of flying high in an aircraft? Well, Jeremy Wiltcher has. Jeremy, a sophomore, and ROTC member has dedicated all of his time to collecting aircraft accessories such as flight helmets, oxygen masks, posters, and famous books on Chuck Yeager. In fact, these books helped him obtain most of his knowledge. His future plans are to join the Airforce, obviously, and to fly the SR71 Blackbird. To him this aircraft is the Marilyn Monroe of airplanes. Even though his dreams are high in the sky, there is no doubt that Jeremy is "At The Controls."

Did you know that Christie Bigham is Miss Sponsorship in America Buckskin of San Diego? She and her horse, Bandit, have won several prizes in equestrian horseriding events. Christie's riding has given her many ribbons and several trophies. It must be dedication; she practices at Willow Glen in El Cajon everyday after school until 7:00. She's been at it for four years, all because her grandmother gave her riding lessons for her birthday. Even with all her time devoted to her riding she maintains mostly A's and B's in her classes. She's hoping for a scholarship for her riding to Midway Longview in Kentucky. She hopes to make big "bucks" as a horse-trainer in her future years.

Publicity

Ambitious is the best word to describe the class of 1990. The freshmen class officers strived to be the best!! Their Homecoming float depicted the Flintstones and came in third. They have also done car washes and other fundraisers. The class of 1990, with consistently good attendance at class meetings, has gotten off to an excellent start.

Meet Jesse . . .

Diving in and getting involved was the way Jesse Lucas coped with the adjustment of starting high school. Jesse was elected as freshman class vice president and became a member of water polo and the swim team. With difficult course work and his activity filled days, Jesse had little spare time. When he did have some extra time, Jesse could be found at the movies, his favorite place, just hanging out with his friends. Jesse plans to attend college after high school and pursue a career in medicine or possibly enlist in the Air Force. Jesse's present plans are to have fun and make the best of his high school years.

Meet Todd . . .

If you have ever walked down Jock Row on those warm and sultry lunch hours; you've probably noticed a face that didn't quite fit in with the rest of the sports worn countences. It is the cherubic face of Todd Camren, a big person crammed into a little freshman body.

Todd has big dreams of being a sports giant on the Santana campus. He plays baseball, football, and tosses the basketball around a little. But, until his dreams of stardom are realized; Todd sticks to his favorite pastime, ice skating at the local rink.

When asked about Todd, a fellow student said, "He has got this special style and charm that sets him above the rest."

Meet Apples . . .

Meet Ann Wiley, or at least that's the name she gave us. Apparently all her friends actually call her "apples." When asked about this strange nickname, Ann just giggled in a bubbly sort of way.

It is that same giggly, bubbly feeling that draws people to her instantly.

When Ann graduates, and moves out into the real world, she is going to be a beach-cruisin' lawyer with a weak spot in her heart for surfers.

Until that time, Ann will just keep cruisin' the local malls, chatting with friends and trying to keep her Math grade up to par.

Hi Dave!

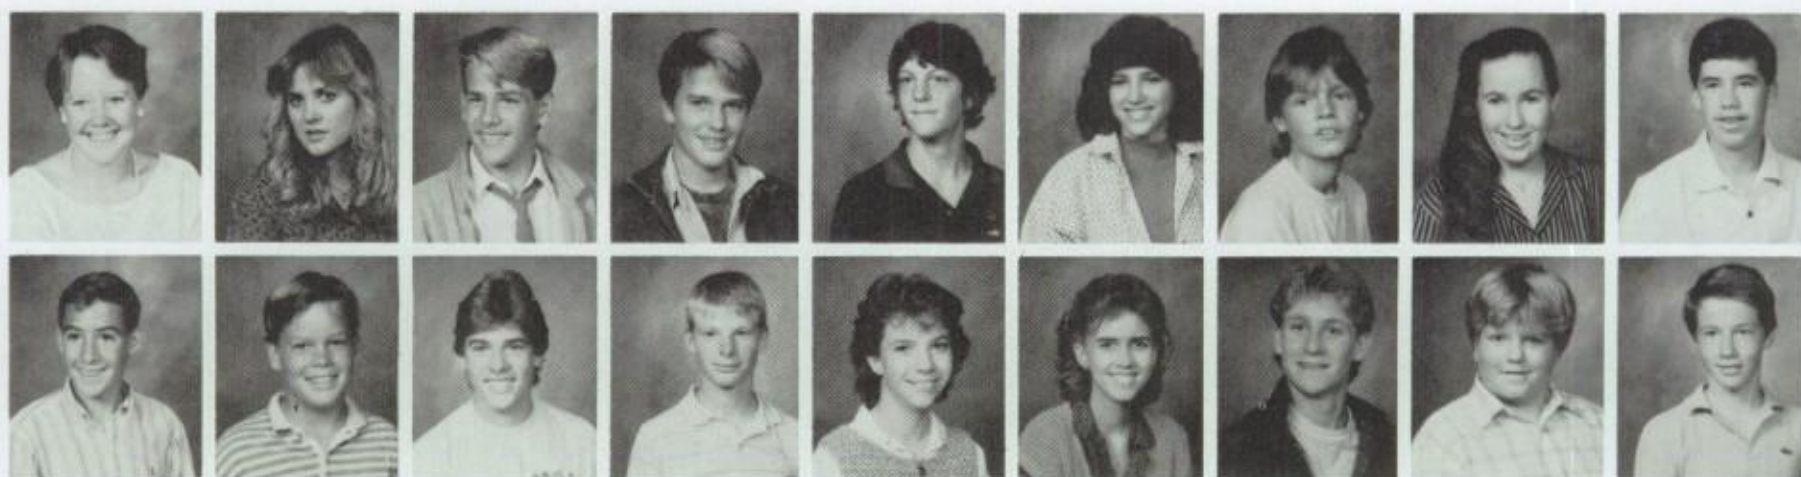

David Virgil isn't just another ordinary freshman at Santana, he's a 4'10" giant. He enjoys drawing and running more than anything else. He takes an art class during school and is on the Varsity Cross-Country team after school. He says he wants to get as much as he can out of school, and after school he wants to join the Air Force or Navy and have them pay for a college education. On the weekends David likes to see his friends, play football, and run. He also enjoys going to the mountains, and watching sea-gulls and other birds at the beach.

Way Out West

Freshman parking lot

When the sun comes up every morning, 700 freshmen work their way towards school, but only 400 make it to Santana. What about the other 300 you ask? Maybe at West Hills? Oh, of course.

West Hills, the newest academic addition in Santee, caters to almost one half of our freshman class. While the school is strictly freshmen this year, the district hopes to bump the first graduating class to West Hills next year. A class that will make West Hills their home.

West Hills is still not much more than one hall and eight classrooms, but it promises to be a Santee highlight for years to come.

The students still disapprove of some of the inconveniences at West Hills such as no lockers or cinnamon rolls, but most West Hills students agree on one thing: "The bathrooms are nicer here than at Santana."

Whata ya want?

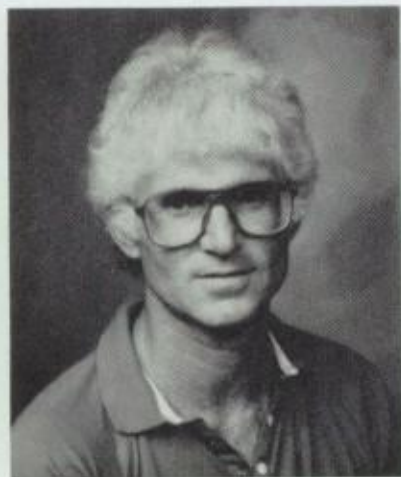

***M**rs. Marquita Keach is that short, friendly lady who greets you when you enter the front door to the school. Most of the visitors to Santana think of her as the principal's secretary. Those of us who are on the campus everyday and work with her see her in a different light. (Is there such a position as a secretar's principal?)*

In addition to all of her many and varied duties at Santana, Mrs. Keach is married and the proud mother of three children. If you have a spare half hour, she will show you their pictures and elaborate on all of their outstanding qualities. Her children must have inherited these qualities from their Mom, because she is also very special. She is always ready with a smile to help in any way she can. She has boundless energy and enthusiasm.

Many people believe that first impressions are important. We here at Santana are truly fortunate to have someone as friendly, helpful and knowledgeable greeting the visitors to our school. Mrs. Marquita Keach exemplifies the spirit of Santana High School.

“Stubby”

Who is the man who has almost singlehandedly built up the scholarship fund to ten times what it was before? Could it be the same guy who filled a fellow educators room with rabbit pellets and snails?

You bet your tibia fibula, it is and he's Leon Herzog, a multifaceted super teacher. Whether he's running the science department, teaching class, or working in his backyard there seems to be a modest intensity that emanates forth from his shortened stature (thus, his nickname Stubby).

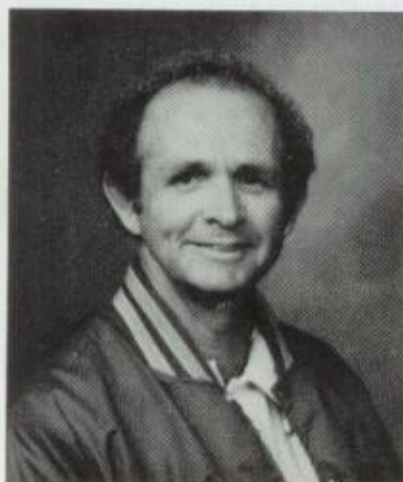

Leon Herzog has proven, that in more ways than one, he is truly a priceless asset to Santana. Except in Don Bainam's eyes, who says, “Mr. Herzog is proof that evolution stopped somewhere between ape and man.”

Classics

Two of the finest teachers, role models, and human beings ever to teach at SHS have retired this year: Bill Dakin and Ed Noble. A quite sinister laugh and wide friendly grin will always be associated with Ed Noble. His expertise as a charismatic teacher of all math subjects as well as a pianist and paleontologist has touched the lives of everyone who had the opportunity to know him. Whether it be "ammonites", his piano concerts or his brilliance as a math teacher, he will be dearly missed by SHS.

"Our faculty and staff is really what makes SHS such a fine school," says Bill Dakin. He has been teaching physics and chemistry for the last 21 yrs., beginning the 2nd yr. our school opened. Teaching with disciplined and enlightening lectures, he has motivated his students to excell. Having served in WWII and Korea as an attack bomber pilot, retiring as a Commander and graduating from Harvard, he came to SHS with a compelling attitude, motivation, and will leave behind a tradition of exceptional teaching.

QUALITY TIME

Gary Bunker is following a family tradition. Not only is he an effective, fair, and caring teacher, so are his parents. As most everyone knows Mr. Bunker has a reputation for being very strict and having almost unbearably high expectations. He feels good about his reputation. He believes students want to be disciplined and cared about. Mr. Bunker also believes in self-discipline and fitness in his own life. He is sure students want to feel good about themselves and he thinks that it is his role to help them. Much of this attitude is recent for Mr. Bunker. Experiencing a serious illness, he changed many of his priorities. "Don't hold anything back," he says, "If you love someone, tell them, don't wait!" Gary now sees the difference between regular time and **QUALITY** time. He is very much into nature with his home gardening and raising canaries. Mr. Bunker's favorite pastimes include officiating for the NCAA and meeting pretty ladies on the beach during his early morning jogs.

“Dr. K . . . ”

From a “typical nerd” at Mount Miguel to a Ph.D. in South Eastern Asian studies to being the official spokesperson for the I.R.S., Mr. Kraszewski, or “Mr. K”, is not your average Santana social science teacher.

Some of his accomplishments include touring the Middle East and South East Asia, teaching at Georgetown and the American universities, and working for the I.R.S. While still in college and graduate school, Mr. K did contract work for the state department and the defense intelligence agency in South East Asia. Prior to coming to Santana to teach, he worked for nine years with the I.R.S. and mostly in the auditing and collections departments. Mr. K decided to come into teaching because he feels that education is very important and enjoys his remedial classes the most. Mr. K keeps busy in his free time with such hobbies as photography, hunting, and international cooking. With all of his worldly experiences, Mr. Kraszewski adds insight to his classes.

Valuable Friend

Some of the most valuable and respected teachers on this campus are not always highly visible. Jim Hastings is one of those teachers. Teaching photography and psychology, Mr. Hastings always seems to have time to help students who need it, whether it be for school or a personal need. Communication for Mr. Hastings comes easily, an important quality in teaching. His laugh pushes most people into a happy mood no matter how they feel.

On his free time Jim enjoys spending time with his wife and photographing weddings. Jim Hastings is by far a valuable teacher as well as a valuable friend.

TRY pluggin' it in!

Well, boys and girls, this has truly been a Junior year to remember; or at least the first semester was. This is being written on 2/3/87, so anything that happened after that is going in next years book. No matter what happens I will always remember the gang (you know who you are). Tom never lose your look (it is all you got). I guess the best way to keep track of all the events, is to keep the key phrases: These are just some of the "Classics": "NEXT", "I hate it, when that happens.", "Lets ace this Taco Stand.", "You're huge.", "WHOOSH", "Get out of my house.", "Spu.", "The light is red.", "She's got kinky hair.", "Boy, Puke is tough to get out.", "Make me a sandwich ____.", "I guess I'm just not freespirited." "Looks like your daddy missed some."

It would have been impossible to have had a better bunch of friends, from Chris "I almost hit a skater" Juarez to Dave "Goat" Richards, and to probably my two best friends Tom and Lance (you're both huge).

I guess, I got to say something about the Junior class, from the monday meetings (sorta) to the infamous pretzel sales, I think we made 80 dollars more than we were supposed to (it was for a good cause, so what). And who could forget "animal house", I knew we should have used real beer cans.

I'll never forget all the wild times, Disneyland (on the spur of the moment). The week of living Dangerously, and still no Dominoes pizza girl, but lots of Sheriff ED. The Endless hours at Denny's and the late nights shooting pool, and Cery stealing the Beastie.

I will never forget any of you; TOM, LANCE, CERRY, DAVE, ROBBIE, TAMMY, BRUCE, SHANE, MARK, MENDY, SHARLA, JENI, JENNIFER, BRANDON, KYLE, TRACY, SCOTT, MARK, CHRIS, WEBB"STER", and anyone else I ever laughed or partied with.

Jen- had a great year! Wedding maybe! Hi Keith! you wouldn't have been any fun! Suz- without it I wouldn't have been any fun!

To the class of '87 I send you off with several thoughts... be true to yourselves... love life with a light heart... always endeavor to be better the situation... smile... love... be happy... hold friendships dear... hug... keep in close touch with family... always seek to learn... remember that you are special... but most of all I send with you a bit of me — my love.

Beve Jellison "Mrs. J."

TO THE CLASS OF '87

CONGRATULATIONS... YOU HAVE SURVIVED FOUR LONG, MEMORABLE YEARS WHILE DEMONSTRATING THE QUALITIES OF SUCCESS — PERSEVERANCE, COURAGE, DETERMINATION AND, AT TIMES, SHEER GUTS. YOU WORKED HARD BUT STILL MANAGED TO HAVE A GOOD TIME. SOMETIMES IT WAS DIFFICULT TO TELL WHO WAS HAVING MORE FUN... YOU OR US. YOU TOUCHED OUR LIVES AND MADE US RICHER BY GIVING US PRECIOUS MEMORIES THAT WILL LAST FOREVER... BROOMBALL... COOKIE MONSTER... CHEERS... MONICA'S CHEER CAMP FILMS... DESERT TRIPS... SLOANE'S SCAVENGER HUNT... HOMECOMING '85 WITH SAN DIEGO AT LARGE... KATHY... WADLY WORLD (MAY IT REST IN PEACE)... THE FULL BREED... SANTEE VICE... SHOPPING TRIPS... BLUE FLAMES... CAMPUS LIFE VIDEOS... SUPER GUMBY... TOP GUN... AND WHO CAN FORGET "SPUD AND BOOMER SING THEIR GREATEST HITS". THANKS FOR SHARING THE GOOD TIMES AND, YES, EVEN THE BAD TIMES... YOU'RE THE GREATEST KID ON EARTH... ESPECIALLY YOU, DOUG... EVERY PARENT SHOULD HAVE A SON AS SWEET, SENSITIVE AND LOVING AS YOU... YOU'RE WONDERFUL... MAY YOUR FUTURE BE FULL OF THRILLS AND HAPPINESS... AND REMEMBER... IT'S NICE TO BE IMPORTANT, BUT IT'S MORE IMPORTANT TO BE NICE... THANKS FOR THE MEMORIES... WE LOVE YOU... TH SAMPSON'S

This is it guys. It is hard to write, "That it is all over", when the second semester has only just begun. But I will take a guess, and say that the book will be a success, and that our staff will go down in history (for what, I don't know). It has truly been an experience, and everyone has been the best: especially you guys at the "Salted Nuts" table, and the "Pain, what a rush" club. Thanks Jenny, for always being ready with camera in hand. And Jennifer, Suzi, Hildie, Leigh Ann, you guys are all a bunch of freshmen punks. And to all the rest of you who had to put up with me, thanks, Niel, Tracy, Margi, Joe, Becca, Rita, Joey, Frank, Leon, Carol, Joann, Pat, Arianna, Cherie, Barb, Chuck, Melissa, Julie, Ann, Annette, Ray, Sandi, Matt, Tom, I'll never forget any of you. And Ms. Guinan, I guess you're stuck with me for another year.

J.R.

To the girls who "Live the wildlife": Julie "Everybody wants it!" Dermody, DeCee "Sizzle lips" Hernandez (BS), Rachael "I'm on restriction" Abdelnour, Nancy "Firebound" Combest, Melanie "Let's make a deal" Morbeu, and Rene "Don't fall in the mud" Green. We've had a lot of good times together, Even if things didn't always work out as planned. Don't ever lose your sense of adventure! I know sometimes we got a little crazy, but you only live once. I hope you guys have a happy life. KIT!! Julie, thanks for being my best bud all these years. You mean a lot to me. Thanks for being there when I needed you. You could always make me smile! I hope you get everything you want out of life!

To Raul P., Wilk, Barry O., David G., Ali S., Eric W., Steve M., Jason, Troy, Bill R., & Tim P. I'll always remember you! Dale & Gabe, I miss you guys! Good luck in Boulevard Mr. & Mrs. Hernandez I will miss you too!! Love, Jennifer '87

*We've come to the end of four years.
They were filled with Great Times and tears.
We love you and wish you the best (Sure hope we pass final tests!)
Some teachers we had deserve fame,
But some of those jerks were real lame!
And "Thanks" to R.K. and T.Y.
Our '86 summer was High.
We'll carry great memories away
To savor on some other day.
And Good Luck To Santana, too
We wish all the best for you.
Love, Pam Walden & Allison Parr*

To all the people who continue to make my path a joyful and full-filling one: Charlene "Blob" Ervin, my other half, we've certainly "written" an interesting journey; Jell Bevison, my constantly "precious" person, you help me to know and understand my possibilities; "Rockin-rollin Nissenbaum" our joyous little kid, it is wonderful to watch you experience who you really are; B.P. "the crisis house", choose and allow yourself to enjoy your "lessons"; Donna Lindsey, a mentor and true friend, you, to bring many new colors into my life; my Yearbook Staff, a constant source of joy, love, humor and a little frustration, you teach me wonderful lessons, What an experience! "And most of all to "Squirrel Cheeks", herself, who daily reminds how incredible this experience called life is.

I'd lke 2 thnk evry 1 who hlpd me mke it. GOD '85 nvr frgt. thnx CK 4 all the crzy Xs! Laughs & tears! PS '86, shpng w/DS&JB! Thnx DZ 4 all the lng tlks & advice! I luv u lil sis! Well, Tracy, here it is. I may be a lot of things, but I am always good at my word. It has certainly been rough going, hasn't it (I know I'm not the easiest person to get along with) and whether I've shown it or not, you have always been one of my favorite people to pick on. But that's because I truly treasure your companionship.

It's tough writing this only half through the year; Who knows, We'll probably be at each others throats agains by the end of the year.

Well, I'm getting close to my 900 position max, so I'll cut. I'll love you always, and you'll always have a special part of my heart.

Love,

To the "Yearbook Staff":

Well, this is it! Turned out pretty good! It was worth all the hard work we put into it. Although sometimes it was frustrating when We thought something was done and got some more work put into our hands. Joe, JoAnn, James Aeon, Ray, Frank, Rebecca, Tracy and the rest, It was a lot of fun! Thank you for putting up with me! And to the photographers thanks for all the help! And staying at school until we just about died. I hope I see your name on the magazine some day!

Jennifer

To my friends — Love y'all and I'll miss you.

Jeanine-Remember, wherever you go, there you are. C-ya on the Supreme Court. Jen-Hey Hupcake, Good luck at S.B. Thanx for the Physics Homework. Am I invited to the wedding? Suz-form you I expect great things. Thanx so much for always listening, even when I babbled. Terri-Where has the time gone? The years have been great. So, Teresa Ann, ya better call me. Kim-A-O-A Girl. Good Luck Bud. Hey, I do like you. Regina-The quiet one. Remember to floss. Lesa and Dani-DUCK! "Darn Tourist" "What d'ya want? What d'ya want?" Roberto,

Nosotros, que nos queremos tanto, encontramos un amor tan divino y tan sincero. Tu amor me ha tocado como nadie lo ha hecho. Te quiero para siempre, aunque nunca me vas a querer tanto como yo te quiero a ti. I'll always be here and open for you, I love you for the time and love you've given me. Te amo, te extraño.

Siempre,

Ariana

Noelle, I have to tell you our friendship is like no other. Your love was always there for me, I'll always be here for you. I hope this is something we can pursue, wherever life just happens to take us, I love you La.

Ari

Tom, you are so special to me, all of the times we have shared will always stay in my heart. Amanda, I hope that you have a raging school life (stay out of trouble) Carolyn my Fav. Cousin stay a good girl because I love you. Jeff, Chuck, Matt, Steve, Mitch, you guys are hot. x-mas dance w/DH, MS, SF, MC it raged-Beach w/Julie Hutchins too cool!! Julie Ringer

2 my special guy: GENE LEVELL. U R the best! U have made me more happy than I ever thot possible. I hope this yr has been the best for U. We've had some really great X's & will cont. 2 have more. Thanks 4 helping me thru the hard X's. We have been 2 gether 4 2 yrs & they have been the best 2 yrs ever! Can't wait till Dec. '88. I LUV U BABE! 4Ever Yours, Carolanne Beck. Y.B. Staff, MB & special friends: You are great!

As we walk through the jungle of life, we approach many animals at large, more obstacles block our path with a knife, but so faithful we walk on strong, best friends in the jungle and in paradise.

Susan,

Our friendship is a piece of gold I will treasurer for life. I pray only for your happiness, and that this very special friendship will never be forgotten. I love you. Best frenz till the end.

Love,
Michelle

2 my best bud Angie-I know we'll always remember the fun times: summer of '85 w/the gang, "bussing" to La Jolla so early, spending time w/Steve and Greg at bonfires, working, shopping, checking out the scene, and of course those summer sandwiches in the dark. Going to TFF concert, we talked to Roland, and Depeche Mode w/Donovan, sneaking up 5 sections. I know I'm forgetting details but I love you, babe! 2 all my buds at Straw Hat-It's been great even though the rumors got bad. 2 Scott-U both know why you're in here. Carolyn-U knew you'd be in here somplace! Being your best bud is cool, I hope my heart can take the strains! Don't ever forget meeting the guys, U can never forget Joe now, and I'll remember John for sure. "Joe's house", 10-10-86, that's your night! "Chippers", 11-1-86, that's mine! Remember all the footbll shooting we did (#17, 23, 24, and more!) and the dances. And of course remember the times at Bob's with John and Joe-Breakfast Club Lives! And now Jim-hold on to this one, babe. 2-14,87 being w/Angie, Joe, and of course Austin, definately was a lot of fun. Summer of '86 w/Matt A., Larry, Becky "let's go swimming!" Magic Mountain 8-27-86 "shockwave". Convention, April '86, Anaheim Marriot, Ron and "the boys from 3059". Summer of '84 w/Angie O., Jim and Corey "angel and Exodus forever" HA! Howard Jones 9-9-84, Psychobud 11-16-84. Dancing at Stratus, going to T.J. 17th B-day party disaster. Bill M.-"P-S-Y-C-H-O-L-O-G-Y". I'm glad we met, you're the nicest guy. Luv ya sweetheart! To my fellow photographers Tom, Matt, Julie, Chuck-It's been great working with you, I'll miss ya when it's over. Patty-I want to see ya in Vogue. Julie R.-you can be my cuz too. I luv you. Well, HS was fun, but college will be better!

Can He Recover?

A black and white collage featuring three men. The central figure is a man in a military uniform, looking upwards with a serious expression. To his right, a man in a suit and tie is shown in profile, looking down. In the upper right corner, a man in a striped shirt and a hat is visible. A large, hand-drawn speech bubble is overlaid on the image, containing the word 'WHY?' repeated four times. The overall tone is somber and contemplative.

MOTIVATION

COVERUP

Each year a new group of dedicated, hard working lunatics grab the reins of the yearbook and take off. Not even "Jimmy the Greek" could predict what sorts of things happen to inspire them to achieve "new" ideas. Along the way, strangers become friends, and friends become "family." Each family member with the same exact purpose in mind ... producing the best yearbook ever at Santana High School. Well Folks, guess what? You're lookin' at it! The 1987 Santana yearbook staff was a conglomeration of super brains, bizarre thinkers, and creative wierdos. Not only did they successfully achieve their purpose, they did so with a lot of care and a complete desire to do only their very best. Special thanks go to: Neil "never say die" Arabe; you stuck each deadline out 'til the very end ... your dedication to your task is appreciated more than you know; Jennifer "Hupcake" Hupka, your wierd ideas and escapades with "Keith" will always be remembered ... you did a great job, Thanks, "your Mom"; Cherie "Seriously" Dunn, your enthusiasm and "spirit" are hard to match! Thanks for this year, but look out '88! Margi "Hi Mom" Gawalis, your special manner and charm (?) will never be forgotten ... many thanks for all that you did, but no more freeway dates O.K.?; Rita "Senior Section" Schack, and Sandi "Brat" Terry, this Senior section is awesome and you guys did it! Congratulations; Jennifer "Jen-Den" Dennis, you were always there when we needed you, good things will always be there for you, because you do GOOD THINGS! Thanks aren't near enough, but THANKS; James "Let's Ace this Taco Stand" Robertson, there are no words to describe you, so ... ?!xç\$XOXO ..., seriously gigantic, stupendous, humungous Thanks! And, what's up for next year, I know a talking book?; Ari "Australia" Estrada, you were an unexpected, nice surprise, even though you are BIZARRE! JoAnn "F.S.P." Herzog, thanks for all the "slack" you managed to pick up and fix, wait 'til next year, it could get worse; Melissa "Clubs & Orgs." Modica, thanks for living up to the contract! You did a good job (I knew you would); Rebekah "Rebkai" Sprately, you're the best, kiddo, I look forward to another great year (and more C.C. Cookies, too — could you be my Secret Pal in '88?); Tracy "my heart's in Japan" Norris, thank you for not giving up when it would have been very easy to, you are an incredible young woman ... even if you act like a twit sometimes! Wait till next year — I do get even, you know; Suzy "Acadeca" Dayton, even though you hang around with "Hupcake", you are really bright — Thanks for all that you did; Hildie "Index" Boehme, not only are you creative and crazy, you wield a mean computer! I appreciated all the extra, at-home work you did; Barb "Meat" Bennett, what a crazy, whinning wacko you are! Many thanks for all you "whined" about, and look out '88! To the Artists — Frank Melendez, Joey Rosen, and Aeon Stanfield: Look at the artistic quality of this book, and what a cover! Thank you for doing everything we asked, you guys are the best!; Carol "Typist" Beck, you're the nicest surprise, and you can type too! Want to do the index and write-ups next year — just kidding, we're glad to have you back and Thanks — (Hi-S! to Gene, too!); To the Incredible Photographers, Julie "Head Photographer, We're out of paper" Ringer, Jenne "Football and Speedos" Palmer, Tom "Can I have that apple?" Wilson, Chuck "My camera broke" Marvin, Annette "Can I Help?" Blodgett, Matt "It's not my fault" Stottern, and Jennifer "I can re-take it" Dennis, you guys were awesome — thank you for all that each of you did! Leigh Ann, "I don't believe it" Sutton, thanks for staying to help all the times that you did, it didn't go unnoticed; Ray "Ramon — Tamales" Wilson, your willingness to help anyone that needed it is a great asset, you will always be successful at anything you attempt, thanks!; Joe "fearless leader" Scibetta, thank you for the hard work and honesty, you are a special young man!; and Pat "Jailbird" Espinoza, look for the positive way — I know you will be very successful, the question is, How? Thank you for all you did. As you finish the work and stress of completing a project like this in March, you wonder why you try so hard to make it GOOD. Well, this is why! Be proud of yourselves, your product is one of the best!

Save for Julie J. ♡

Ang-
hey bud, we've had some killer
times together. I'm glad we got to
be best buds. Your friendship means
the complete world to me. We've
had good times and there will be
a hell of a lot more. Grad nite was
the bitchen tweak session and also our
good old shopping days. We will most
definitely keep in touch. How could
we not? I'll finish this later!

Well, later has arrived. What I really
want to say is thanks. Thanks for
being there when I needed you. Thanks
for being a friend, my best friend!

Boy are we gonna have fun Friday
night! We are gonna get blazed!

Anyway, Thanks again!

Take Care and in touch!
(I know you will!)

Love ya,
Jules

Save 4 Don

Angela,

The time has come,
for us to finally graduate!
I can't believe it. I never even
imagined this, when we were
in the 4th grade playing with our
spiders! That seems like such a long
time ago. Now we're all grown up! Back
then we thought we were grown up. I
wonder what will be like in another 10 yrs.

Really grown up! We've had a lot of good
times together. 8 years worth! Your like a sister
to me, cause we've grown up together. I'll never
forget our "Hawthorne Child Care years". That's when
it all started. I'm really glad I get to graduate
at the same school as you. When you moved to Santee
I thought we'd never go to the same school again.
And now look! We have a whole lifetime ahead of us.
And even more good times to share. I really hope you
will. Maybe someday I'll find someone I can be happy
with too. I haven't had very good luck so far. I just have
to be patient! Anyways, good luck in summer school.
I wish you could be in the ceremonies, but thank
you! But you'll do good anyways, I know it!
Thank you for being my best bud (8 years wow!)

Angela,
Well, that time
of life has come when
we may retire from school
and become adults. Years has
been long but where much
the time gone? Give you, you're quite
a wonderful and special gal. I hope you
these times cannot last. I hope you
success comes your way. I hope you
may soon cross again. I hope you
who knows? Good luck Angela, and more!
thing you want out of life.

 It was nice having
 you in my first period
 class you are a very
 funny and cool person
 stay that way. I hope
 you have a good time out
 of school.

Angela,
 It was fun having
 you in sixth period.
 Hope all your dreams
 come true for out of
 and good luck out of
 school. Stay nice, and
 sweet. See ya,
